Friends of Mill Creek(FoMC) is a volunteer, community-based organization that supports landowners in rehabilitating Mill Creek. The group first organized in late 1997 for the purpose of implementing some of the recommendations contained in the Mill Creek Subwatershed Study. Everyone who is part of the group freely volunteers their time and talent.

. Each summer since 2003, four local high school students and a Crew Leader have been hired to undertake rehabilitation projects along the creek, often on private land. The Rangers spend much of their summer wearing chest-waders while they work and learn in the water. Educational opportunities are combined with practical in-creek experience to provide a well rounded, hands-on, experience.

FoMC will use the site to advertise for our Mill Creek Ranger programme, to highlight events which we will be holding in the community and to encourage people to come out and volunteer.
