New Business: Pilates: Lois advised that she spoke to Joanne deBrun, asking if she would consider running this program and paying a rental fee. In view of the number of nights I also advised that the Board might consider a reduced rental fee. Joanne said the maximum class size is 10, which means that for any number under 20, we should not be running 3 classes at \$50.00 per class.

Florence asked who is responsible for the flower beds. If it is the janitor this cost should be added to their duties.
