Subject: Black Bridge - 2013-08-13 - Discussion Summary

Karen and Don,

Thank you for taking the time to meet with George and I last Tuesday (, August 13th).

I just wanted to provide you with a quick summary of the questions that came out of the meeting that we are hopeful to have comment back from the Township on by September 6th/7th (as discussed), before our pending heritage stakeholders meeting.

1. Black Bridge Area Cultural Heritage Study – Does the Township have comment with respect to –

- The proposed study boundary?
- Developing a Cultural Heritage Landscape Plan complete with an OP amendment?
- Historical practice regarding individual designations? (i.e. Roszell Farm current status)

2. Black Bridge Road Environmental Assessment (EA) – Does the Township have comment with respect to –

- Providing a Letter of Approval-in-Principle to proceed with the EA on Township-owned land (Townline Road from Wellington Road 34 northerly to the intersection at Black Bridge Road/Roszell Road)? OR
- Pursuing a transfer of ownership of the subject Townline Road segment? If so, anticipated/preferred timing for either approach? Would a 0.30m/1' reserve be required along the Township property frontages (E. side of Townline Road)?

In the event I've missed something, or you'd like to add something, please include the same in your response/reply.

Thanks again, and we look forward to receiving your comments.

Best regards,
