

AGENDA

COMMITTEE OF ADJUSTMENT:

- 1. OPENING REMARKS
- 2. DISCLOSURE OF PECUNIARY INTEREST
- 3. APPROVAL OF MINUTES (See Attachment A)

Committee of Adjustment minutes held October 10, 2017 be adopted.

- 4. APPLICATIONS FOR MINOR VARIANCE OR PERMISSION under section 45 of the Planning Act to be heard by the Committee this date:
 - None
- 5. ADJOURNMENT OF COMMITTEE OF ADJUSTMENT

PLANNING & DEVELOPMENT ADVISORY COMMITTEE

- 6. OPENING REMARKS
- 7. DISCLOSURE OF PECUNIARY INTEREST
- 8. APPROVAL OF MINUTES (See Attachment B)

Planning & Development Advisory Committee meeting minutes held Tuesday October 10, 2017 be adopted.

9. APPLICATIONS FOR SITE PLAN URBAN DESIGN REVIEW

• None

10. ZONING BY-LAW AMENDMENT

- None
- 11. LAND DIVISION (See Attachment C)
- **11(a)** Severance Application B126/17 (D10/FIE) Susan & Hugh Fielding, Part Lot 37, Concession Gore, municipally known as 7458 Fielding Lane

Proposed lot line adjustment is 0.809 hecatres with no frontage, existing agricultural land to be added to abutting commercial lot – 1720191 Ontario Ltd.

Retained parcel is 10.2 ha, existing and proposed residential and agricultural use with existing house barn and shop.

11(b) Severance Application B130/12 (D10/ST) – St. Mary's Cement, Part Lots 11 & 12, Concession 4, Forestell Road and Sideroad 10.

Proposal is to sever a 0.77 ha lot with 88m frontage on Forestell Rpad and 78m frontage on Sideroad 12, former gravel pit for proposed rural residential use.

Retained parcel is 22.3 ha with 283m frontage on Sideroad 10, 717m frontage on Forestell Rd and 207m frontage on Sideroad 12, existing gravel pit.

12. OTHER MATTERS

- a) December meeting proposed date change to Tuesday December 5th at 7 p.m. to accommodate the County of Wellington Land Division comment deadline of December 6th
- b) Approval of 2018 Schedule (See Attachment D)

13. CLOSED MEETING

- no matters
- 14. NEXT MEETING Tuesday December 5th @ 7:00 p.m.

15. ADJOURNMENT

Attachment 'A'

Planning & Development Advisory Committee Meeting Committee of Adjustment October 10, 2017 7:00 pm Council Chambers, Aberfoyle

MINUTES

MEMBERS PRESENT:

Councillor John Sepulis, Chair Dan Kennedy Deep Basi Dianne Paron Dennis O'Connor

OTHERS IN ATTENDANCE:

Kelly Patzer – Development Coordinator Michelle Innocente – County of Wellington Afshin Maknoni William N. Cloutis Al Krist Jeff Buisman

1. OPENING REMARKS

• The Chair called to order at 7:00 pm and welcomed the gallery to the Committee of Adjustment meeting. The Chair informed the gallery Township Staff would present the application, and then the applicant would have the opportunity to present the purpose and details of the application and provide any further relevant information. Following this, the public can obtain clarification, ask questions and express their views on the proposal. The members of the Committee can then obtain clarification, ask questions and express their views on the proposal. All application decisions are subject to a 20-day appeal period.

2. DISCLOSURE OF PECUNIARY INTEREST

none

3. APPROVAL OF MINUTES

Moved by Deep Basi and Seconded by Dennis O'Connor,

That the minutes of the Committee of Adjustment meeting held Tuesday September 12, 2017 be adopted.

CARRIED

4(a) Minor Variance Application D13/MAK – Afshin Maknoni – Property described as Concession 8 Part Lot 20, Brock Rd N., Township of Puslinch.

Requesting relief from provisions of Zoning By-Law #19/85, as amended, to permit an existing temporary lockable accessory building for the storage of construction materials and equipment to build a house on a vacant property.

- Kelly Patzer outlined the application and noted no objections were received to date from the circulated agencies or public. The County of Wellington Planning opinion considers the application desirable, the GRCA suggested a review of the grading and water management be completed around the building location and the Building Department stated the building requires a building permit.
- Afshin Maknoni, owner, remarked the application is to permit an existing 20x40x15 feet tall fiberglass modular building that holds equipment to construct the future dwelling. The building does not have a foundation and he did not realize the temporary structure did require a building permit. When the lot was purchased, approval had been received from the GRCA for a dwelling and septic. The septic is proposed to be located where the temporary shed currently is located.

- Afshin Maknoni noted the temporary structure is secured as equipment has been stolen from the property, and when the house is built the structure will be removed
- Afshin Maknoni indicated the GRCA told him the property was below level and the driveway was to be raised and that there is a steel post on Wellington Road 34 where level coordinates could be obtained. A 3 to 1 slope was needed for the driveway and some trees needed to be cut to but 1000 trees have been obtained from Green Legacy and an additional 500 red maples have been ordered for planting next year.
- Al Krist remarked he used to own the property that took 5 years to sever due to natural environment approvals and only one section of the driveway required leveling that was below the floodplain and noted the survey marker is in front of the old school house on Brock Road.
- Al Krist requested the application be deferred as he was in attendance to represent the neighbour of the subject property who is ill.
- Al Krist presented some photographs of the driveway fill and remarked that Mr. Maknoni should have created a swale along the driveway, as required by the GRCA to prevent water from draining on the neighbour's property. It was also noted that approximately 800 trucks of fill have been brought onto the property mostly on Saturday's and Sunday's and questioned the quality of the fill. The driveway is so high and compact that the wetland water table is very high and not draining. All privacy trees have been cut down between Mr. Maknoni's property and the property to the south, and those that are on the unstable slope, with no silt control, will soon die.
- Dan Kennedy asked which direction the photos were taken and if a soil sample has been done.
- Al Krist indicated they were taken pointed towards Brock Road
- Afshin Maknoni indicated soil sampling had been completed and a reputable company brought in the fill, as he did not want contaminated soil on his property.
- Dan Kennedy questioned if the site alteration works received approval
- Afshin Maknoni state that approval was granted by the GRCA for all the works and culverts were not a requirement but he has installed two under the driveway for the benefit of water flow.
- Dianne Paron asked Mr. Maknoni, when putting up the building was he aware how close to the property line it was being placed and if any consideration was given to the neighbours property.
- Afshin Maknoni stated the building is setback 10 to 15 feet from the property line and the land has been sloped toward the wetland for drainage, away from the neighbour's property.
- Dennis O'Connor inquired if the plan is to take down the building when the house is partially built and if fill is needed for the septic system.
- Afshin Maknoni noted some fill will be removed for the installation of the septic system and the building will need to be removed when the septic is installed.
- Deep Basi questioned why there is such a drastic slope created down to the neighbour's property.
- Afshin noted that he sloped his land so that it does not drain down to the neighbour's to the south property and that there is 8 feet of his land sloping down with a swale between the properties.
- John Sepulis inquired when application for building permit would be submitted for the new house.
- Afshin Maknoni indicated a building permit would be applied for by early next year.
- John Sepulis remarked that when he completed a site visit there was a trailer on the property as well as numerous construction vehicles.

- Afshin Maknoni stated that the trailer had broken down on the road and he offered help to get it to his property and it has now been removed.
- Afshin Maknoni remarked the property contains a packer, bulldozer, garden tractor with trailer and a street sweeper to keep the highway clean during construction.
- John Sepulis asked if Mr. Maknoni is aware that a building permit is required for the existing structure on the property.
- Afshin Maknoni noted he is in the process of obtaining one and GRCA approval is required.
- Dianne Paron clarified that the GRCA Permit for the dwelling was expired.
- John Sepulis questioned if Township approval was given for the GRCA Permit.
- Kelly Patzer remarked that the Township would have not given any approvals for the GRCA regulated property and when the building permit is submitted the Township can request a grading plan.
- Neil Cloutis noted he is the son of the direct neighbour to the south who is ill and unable to attend this evening. He indicated there are some small areas with swales but there is a six-foot wall of dirt that is being held with cedar planks and all the dirt will run down onto his father's property unless a retaining wall is constructed.
- Neil Cloutis read a letter on behalf of his father that indicated a concern was
 raised with the GRCA about the grading being done on the lands and noted his
 house is in the floodplain and there had never been any ponding or water issues
 on his land until Mr. Maknoni had done all the grading. A skid steer machine had
 sunk in the wet grounds where there had never been any water before. Any
 significant rainfall will cause major flooding on his property as minor rains are now
 creating significant ponding. The silt from the extreme slope directly adjacent to
 his property line is coming onto his lands and killing off the trees.
- Dianne Paron noted the grading issues are outside of the variance request and if the building came down there would still be the grading dispute.
- John Sepulis noted variance approval would trigger required building permits and grading can be reviewed with a building permit when deemed necessary.
- Dianne Paron agreed and the Township can request a drainage plan for review and approval.
- There were no further questions.

In the matter of Section 45 (1) of the *Planning Act*, as amended, and Comprehensive Zoning By-law 19/85 as amended, and an application for a minor variance requesting permission to allow:

An existing temporary lockable accessory building for the storage of construction materials and equipment to build a house on a vacant property, whereas; Zoning By-law 19/85 Section 3.1(a) requires an accessory building to be accessory to a main building or structure permitted in a zone.

The Committee voted in favour and the request is hereby **Approved with the following Conditions:**

- 1. The existing temporary accessory structure shall be removed/demolished within 6 months of Minor Variance No Appeal date in the event that a building permit for a new single detached dwelling has not been issued.
- 2. The existing temporary accessory structure is permitted to remain only for so long as such building or structure is necessary for the work in progress and until the work is completed or abandoned, and only while a valid building permit for the said construction remains in force.

- 3. The owner shall enter into an Agreement with the Township of Puslinch and submit the required securities to permit the accessory building on the property without a main use.
- 4. A building permit shall be obtained for the temporary accessory structure.
- 5. The accessory structure cannot be used for human habitation.
- 6. A GRCA Development Permit will be required prior to the issuance of a Building Permit for the accessory structure.
- 7. Any grading shall conform to the requirements of the Township of Puslinch's Property Standards By-law.

CARRIED

4(b) Minor Variance Application D13/AUD-1 – Audrey Meadows Ltd. c/o George Good – Property described as Plan 61M-153 Lot 29, 14 Elizabeth Place, Township of Puslinch.

Requesting relief from provisions of Zoning By-Law #19/85, as amended, to permit a lot area of 0.3645 ha.

- Kelly Patzer outlined the application and noted no objections were received from the circulated agencies or public. One neighbour wrote a letter that requested privacy trees be planted on the subdivision property as some newly constructed houses can now look down directly into their house across Victoria Road. The County of Wellington Planning opinion considers the application to be minor.
- Jeff Buisman, agent, indicated the lot line adjustment is to create more privacy on Mr. Good's (owner) property There are existing trees on a hill that are being incorporated with the lot line adjustment to become part of Mr. Good's property.
- Jeff Buisman noted George Good is sensitive to the request of his neighbours across the road and he thinks the best approach is to work with the Cox's and an arbourist in the spring regarding the best placement of the trees.
- Jeff Buisman remarked that the tree planting request is not directly related to the Lot Line Adjustment application.
- John Sepulis asked if the Township could get a commitment for tree planting in writing.
- Jeff Buisman noted he could try to arrange that with George Good.
- There were no further questions.

In the matter of Section 45 (1) of the *Planning Act*, as amended, and Comprehensive Zoning By-law 19/85 as amended, and an application for a minor variance requesting permission:

To allow a lot area of 0.3645 ha; whereas, Zoning By-law 19-85, Section 9.3(a) requires a minimum lot area of 0.4 ha.

The Committee voted in favour and the request is hereby Approved

CARRIED

4(c) Minor Variance Application D13/AUD-2 – Audrey Meadows Ltd. c/o George Good – Property described as Plan 61M-153 Lot 28, 18 Elizabeth Place, Township of Puslinch.

Requesting relief from provisions of Zoning By-Law #19/85, as amended, to permit a lot area of 0.3645 ha.

• Kelly Patzer outlined the application and noted no objections were received from the circulated agencies or public. One neighbour wrote a letter that requested privacy trees be planted on the subdivision property as some newly constructed houses can now look down directly into their house across Victoria Road. The County of Wellington Planning opinion considers the application minor.

- Jeff Buisman, agent, indicated the lot line adjustment is a mirror image of the previous lot line adjustment application where the lands will be added to George Good's property
- There were no further questions.

In the matter of Section 45 (1) of the *Planning Act*, as amended, and Comprehensive Zoning By-law 19/85 as amended, and an application for a minor variance requesting permission:

To allow a lot area of 0.3645 ha; whereas, Zoning By-law 19-85, Section 9.3(a) requires a minimum lot area of 0.4 ha.

The Committee voted in favour and the request is hereby **Approved**

CARRIED

5. ADJOURNMENT

Moved by Dianne Paron and Seconded by Dan Kennedy,

The Committee of Adjustment meeting adjourned at 8:14 p.m.

CARRIED

County of Wellington Planning and Land Division Committee Deborah Turchet, Secretary-Treasurer Wellington County Administration Centre 74 Woolwich Street, Guelph ON N1H 3T9

October 13, 2017

NOTICE OF AN APPLICATION FOR CONSENT

Ontario Planning Act, Section 53(4)

The County of Wellington Planning and Land Division Committee requests your written comments on this application for consent.

APPLICATION SUBMITTED ON: October 4, 2017

FILE NO. B126/17

APPLICANT

LOCATION OF SUBJECT LANDS:

Susan & Hugh Fielding 7458 Fielding Lane Puslinch ON N0B 2J0 TOWNSHIP OF PUSLINCH Part Lot 37 Concession Gore

Proposed lot line adjustment is 0.809 hectares with no frontage, existing agricultural land to be added to abutting commercial lot – 1720191 Ontario Ltd.

Retained parcel is 10.2 hectares, existing and proposed residential and agricultural use with existing house, barn and shop.

IF YOU WISH TO SUBMIT COMMENTS ON THIS APPLICATION, WE MUST HAVE YOUR WRITTEN COMMENTS BEFORE

November 15, 2017

<u>Please note</u> that if the Comments are not received by the requested date, the Planning and Land Division Committee may proceed to consider the application, and may assume that you have no objection to this APPLICATION for CONSENT.

<u>Please also be advised</u> that if a person or public body that files an appeal of a decision of the County of Wellington Planning and Land Division Committee in respect of the proposed consent has not made written submission to the County of Wellington Planning and Land Division Committee before it gives or refuses to give a provisional consent, then the Ontario Municipal Board may dismiss the appeal.

If you wish to be <u>NOTIFIED OF THE DATE AND TIME OF THE CONSIDERATION</u> of this application - <u>please make your request in writing</u> to the Planning and Land Division Committee before the "Comments Return Date" noted above.

If you wish to be **NOTIFIED OF THE DECISION** of the County of Wellington Planning and Land Division Committee in respect of this proposed consent, **you must make a request in writing** to the County of Wellington Planning and Land Division Committee. This will also entitle you to be advised of a possible Ontario Municipal Board Hearing. Even if you are the successful party, you should request a copy of the decision since the County of Wellington Planning and Land Division Committee's decision may be appealed to the Ontario Municipal Board by the applicant or another member of the Public

INFORMATION REGARDING THE APPLICATION is available to the public during regular business hours, Monday to Friday at the County of Wellington Planning and Land Division Office- 74 Woolwich St. Guelph ON N1H 3T9. Phone: (519) 837-2600 x2170 Fax: (519) 837-3875

35. Have you had a pre-consultation meeting with County Planning Staff before filling out this application form?

YES M

WILHERM

If yes, please indicate the person you have met/spoken to: SARAH

- **36.** If a **new farm operation**, or **new crops**, or **new farm buildings** are being proposed for the severed and/or retained lands. Please provide some details:
- **37.** If you wish to provide some further information that may assist the Planning and Land Division Committee in evaluating your application, please provide by a letter and attach it to this application.

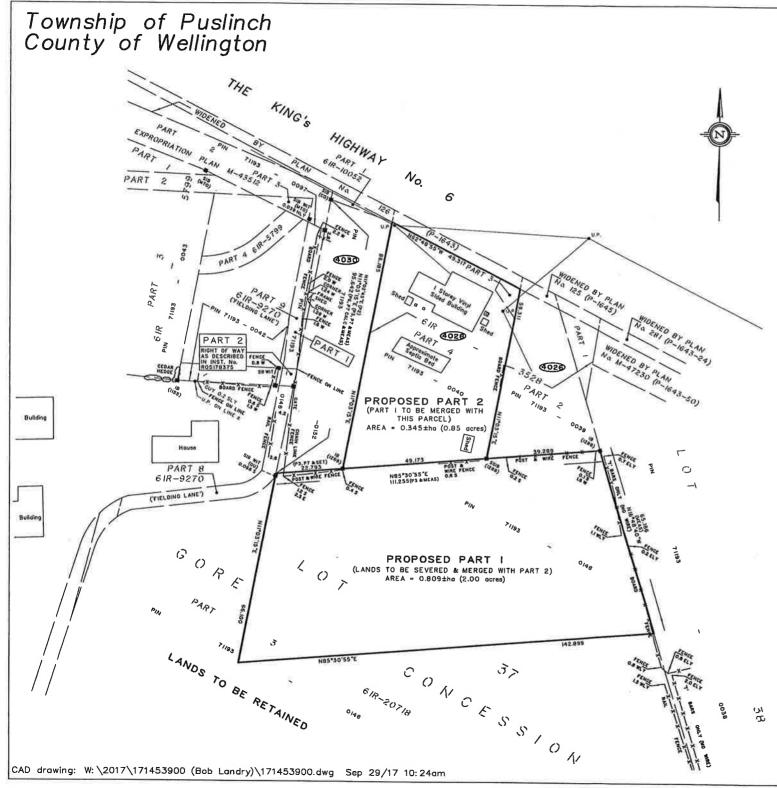

NOTES:

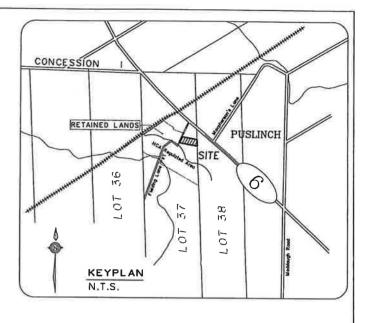

- 1. One original completed application and two original sketches must be filed with the County of Wellington Planning and Land Division office. If original sketch is larger than 11" x 17", 8 additional copies are required plus one sketch reduced to a size of 11" x 17" (or smaller) for office photocopying and circulation to neighbours. Facsimile documents are not acceptable for reasons of the necessity of good photocopying.
- 2. The location of the lands (severed & retained) which are the subject of the application must also be shown on the Surveyor's sketch or on an attached "Key Map" of the local municipality and included with the application.
- Since the filing fee for applications for consent change from time to time, please contact the Planning and Land
 Division office for current fee information. This fee may be paid in cash or by cheque payable to the County of Wellington.
- 4. Additional information about the process, about any particular application or obtaining application forms may be obtained by attending at the County of Wellington Administration Centre, 74 Woolwich Street, Guelph Ontario N1H 3T9, by telephone at 519-837-2600, ext. 2160 or 2170; or by facsimile (fax) at 519-837-3875.
- 5. Some municipalities also require the applicant to attend at a Planning Advisory Committee or Council meeting to discuss the application prior to the Municipality's submitting comments to the County of Wellington Planning and Land Division Committee. Please check with your local municipality on this matter.
- 6. If the applicant is a Corporation, then the applicant's Declaration or if applicable, the Owner's authorization too, must be signed by an officer of the corporation who has authority to bind the corporation; or the corporation's seal must be affixed.
- 7. ONE CONSOLIDATED SKETCH WITH APPROPRIATE NOTES AND MARKINGS MAY SUFFICE FOR SECTIONS A AND B OF THIS CONSOLIDATED APPLICATION FORM for LOT LINE ADJUSTMENTS ONLY.

Hi Jana

Thank you for your email. I have reviewed the above referenced 7458 Fielding Lane application. This property is located in WHPA C and Vulnerability score of 6 in the Halton-Hamilton Source Protection Plans, however, based on the activities proposed (ie no new or replacement septic, no fuel, chemical, waste handling, no agricultural activities) it is subject to a residential exemption and does not require a Section 59 notice under the *Clean Water Act*.

a

I have attached a map showing the property and well head protection areas for your reference.

If you have any further questions regarding this application, please contact me.

Attachment C - 11(b)

County of Wellington Planning and Land Division Committee Deborah Turchet, Secretary-Treasurer Wellington County Administration Centre 74 Woolwich Street, Guelph ON N1H 3T9

December 14, 2012

NOTICE OF AN APPLICATION FOR CONSENT

Ontario Planning Act, Section 53(4)

The County of Wellington Planning and Land Division Committee requests your written comments on this application for consent.

APPLICATION SUBMITTED ON: November 20, 2012

FILE NO. B130/12

APPLICANT

LOCATION OF SUBJECT LANDS:

St. Mary's Cement Inc. (Canada) 55 Industrial St. Toronto ON M4G 3W9

TOWNSHIP OF PUSLINCH Part Lots 11 & 12 Concession 4

Proposal is to sever a lot 0.77 hectares with 88m frontage on Forestell Rd and 78m frontage on SR 12, former gravel pit for proposed rural residential use.

Retained parcel is 22.3 hectares with 283m frontage on SR 10, 717m frontage on Forestell Rd and 207m frontage on SR 12, existing gravel pit. Portion to be rehabilitated, portion to remain operational.

IF YOU WISH TO SUBMIT COMMENTS ON THIS APPLICATION, WE MUST HAVE YOUR WRITTEN COMMENTS BEFORE

January 23, 2013

<u>Please note</u> that if the Comments are not received by the requested date, the Planning and Land Division Committee may proceed to consider the application, and may assume that you have no objection to this APPLICATION for CONSENT.

<u>Please also be advised</u> that if a person or public body that files an appeal of a decision of the County of Wellington Planning and Land Division Committee in respect of the proposed consent has not made written submission to the County of Wellington Planning and Land Division Committee before it gives or refuses to give a provisional consent, then the Ontario Municipal Board may dismiss the appeal.

If you wish to be **NOTIFIED OF THE DATE AND TIME OF THE CONSIDERATION** of this application - **please make your request in writing** to the Planning and Land Division Committee before the "Comments Return Date" noted above.

If you wish to be **NOTIFIED OF THE DECISION** of the County of Wellington Planning and Land Division Committee in respect of this proposed consent, **you must make a request in writing** to the County of Wellington Planning and Land Division Committee. This will also entitle you to be advised of a possible Ontario Municipal Board Hearing. Even if you are the successful party, you should request a copy of the decision since the County of Wellington Planning and Land Division Committee's decision may be appealed to the Ontario Municipal Board by the applicant or another member of the Public

INFORMATION REGARDING THE APPLICATION is available to the public during regular business hours, Monday to Friday at the County of Wellington Planning and Land Division Office- 74 Woolwich St. Guelph ON N1H 3T9. Phone: (519) 837-2600 x2170 Fax: (519) 837-3875

Land Division Form.030 (Word Edition) REVISED Sept 11, 2012 .

November 19, 2012

County of Wellington Land Division Committee 74 Woolwich Street GUELPH, Ontario N1H 3T9

Attention: Ms. Deborah Turchet

Dear Ms. Turchet:

Re: Severance Sketch and Application "Nigro" Pit Part of Lots 11 & 12, Concession 4 PIN 71209-0094 Township of Puslinch RECEIVED

NOV 2 0 2012 SECRETARY TREASURER WELLINGTON COUNTY LAND DIVISION COMMITTEE

Please find enclosed an application for a severance on the abovementioned property. Included with this submission are copies of the severance sketch, completed application form, required deeds, a cheque to Wellington County for \$ 925 and a cheque to GRCA for \$380.

Proposal

Extraction activity on the westerly portion of the subject gravel pit is finished and currently under rehabilitation. The owner would like to apply for a severance at the northwest corner of the property. The proposed severance would be about 88m wide and 88 m deep for an area of 0.77 ha. The retained parcel would have an area of 22.3 ha.

Consideration was made to have a severance at the southeast corner of the property. The Minimum Distance Separation (MDS) requirement for the small chicken barn to the south ended up being quite large (about 240 metres) and therefore did not allow for a severance in this corner.

The property is currently zoned EX-I which allows for extraction activity. The proposed severance would have to be rezoned to Agricultural to allow for a rural residence.

We found the proposed severance to meet the key criteria for a new severance including:

- Designated as Secondary Agricultural in the County Official Plan
- Safe entrance along either Forestell Road or Sideroad No. 12
- Adequate MDS clearance
- No environmental concerns
- No severance since May 1999
- Ownership for more than 5 years

Ownership Information

The ownership information was gathered from Registry Office records and request for ownership confirmation has been given to the Township of Puslinch. We will forward to you the confirmation from Puslinch once it has been received.

Please call me if you or the Planning Staff have any questions.

Very truly yours, Van Harten Surveying Inc.

Jeffrey E. Buisman B.E.S, B.Sc. Ontario Land Surveyor

37. If a new farm operation, or new crops, or new farm buildings are being proposed for the severed and/or retained lands. Please provide some details:

38. If you wish to provide some further information that may assist the Planning and Land Division Committee in evaluating your application, please provide by a letter and attach it to this application.

<u>Please review attached covering letter. A zone change is expected. A change in the extraction license is expected. New berms to be constructed around severed parcel.</u>

NOTES:

- One original completed application and two original sketches must be filed with the County of Wellington Planning and Land Division office. If original sketch is larger than 11" x 17", 8 additional copies are required plus one sketch reduced to a size of 11" x 17" (or smaller) for office photocopying and circulation to neighbours. Facsimile documents are not acceptable for reasons of the necessity of good photocopying.
- 2. The location of the lands (severed & retained) which are the subject of the application must also be shown on the Surveyor's sketch or on an attached "Key Map" and included with the application.
- Since the filing fee for applications for consent change from time to time, please contact the Planning and Land Division office for current fee information. This fee may be paid in cash or by cheque payable to the County of Wellington.
- 4. Additional information about the process, about any particular application or obtaining application forms may be obtained by attending at the County of Wellington Administration Centre, 74 Woolwich Street, Guelph Ontario N1H 3T9, by telephone at 519-837-2600, ext. 2160 or 2170; or by facsimile (fax) at 519-837-3875.
- 5. Generally, regular severance application forms are also available at the local municipal office.
- 6. Some municipalities also require the applicant to attend at a Planning Advisory Committee or Council meeting to discuss the application prior to the Municipality's submitting comments to the County of Wellington Planning and Land Division Committee. Please check with your local municipality.
- 7. If the applicant is a Corporation, then the applicant's Declaration or if applicable, the Owner's authorization too, must be signed by an officer of the corporation who has authority to bind the corporation; or the corporation's seal must be affixed.

Ť

PLANNING OPINION: This proposal would sever a 0.77ha (1.9 ac) vacant rural residential lot. The retained parcel is 22.3ha (55.1 ac) and is currently functioning as a gravel pit.

We have concerns with this application regarding compatibility with surrounding aggregate operations, particularly with respect to noise. We would recommend deferral subject to receipt of a noise impact assessment prepared by a qualified acoustical engineer, addressing compliance with the applicable Ministry of the Environment (MOE) noise criteria relative to the extractive uses in the area.

If approved, we would request that the following matters be addressed as conditions of approval:

- 1. MDS 1 compliance to the satisfaction of the County of Wellington;
- 2. That servicing can be provided to the satisfaction of the local municipality, including provision of a soils report from a professional engineer to ensure that the size of the severed and retained parcels are appropriate for well and septic systems;
- That safe driveway access can be provided to the satisfaction of the local municipality;
 That the owner provide confirmation from the Ministry of Natural Resources that confirms that the aggregate license for the property has been surrended;
- 5. That the owner provides a noise impact assessment addressing Ministry of the Environment (MOE) noise criteria relative to the extractive uses in the area satisfactory to the Township of Puslinch; and
- 6. That the owner prepare and execute a consent agreement with the Township of Puslinch which will address implementation of any required noise mitigation measures and include a warning clause with respect to the noise which may be experienced at the property from the ongoing gravel extraction in the area; which agreement will be prepared and registered on title, at the applicants' sole expense; and further that the Township of Puslinch file with the Secretary-Treasurer of the Planning and Land Division Committee a letter of clearance of this condition.

PROVINCIAL POLICY STATEMENT (PPS): According to Section 2.5.2.4 of the PPS "Mineral aggregate operations shall be protected from development and activities that would preclude or hinder their expansion or continued use or which would be incompatible for reasons of public health, public safety or environmental impact."

According to Section 2.5.2.5 of the PPS "In areas adjacent to or in known deposits of mineral aggregate resources, development and activities which would preclude or hinder the establishment of new operations or access to the resources shall only be permitted if:

- a) resource use would not be feasible; or
- b) the proposed land use or development serves a greater long-term public interest; and
- c) issues of public health, public safety and environmental impact are addressed."

We are satisfied that the small size of the subject property would make it unfeasible to remove mineral aggregate material (if present) from the property.

With respect to Minimum Distance Separation 1 (MDS1) we have been provided with a farm data form for the barn to the south (4656 Sideroad 12 North). Guideline 19 states "MDS calculations shall be based on the maximum livestock housing capacity for all livestock facilities on a lot, even if the building is not currently used, but is structurally sound and reasonably capable of housing livestock. There appears to be three livestock facilities at the above location, we require clarification as to the use of all the barns in order to determine MDS 1 compliance.

GREENBELT PLAN: Not in Greenbelt area.

WELLINGTON COUNTY OFFICIAL PLAN: The subject lands are designated SECONDARY AGRICULTURAL and falls within the Mineral Aggregate Area overlay.

Planning and Development Department | County of Wellington County Administration Centre | 74 Woolwich Street | Guelph ON N1H 3T9

T 519.837.2600 | F 519.823.1694

B130/12.....Continued

According to Section 10.4.4, one new residential lot may be allowed from a parcel of land within the Secondary Agricultural designation, which existed on the date of provincial approval of the County Plan, subject to the following criteria:

- a) Individual services can be accommodated;
- b) The lot is not normally larger than 0.8 hectares (2 acres) unless existing natural features or development patterns make a larger lot more practical;
- c) The lot has access to an open and maintained public road;
- d) The residential use will not hinder or preclude potential agricultural or mineral aggregate operations;
- e) The residential use is compatible;
- f) The use is well removed from any settlement boundary;
- g) The applicant has owned the property for at least five years.

The matters under Section 10.1.3 were also considered, including g) that lots are not to be created in areas which would pose a threat to public health or safety.

According to Schedule B7 of the Plan, the subject property is identified within a Wellhead Protection Area 3 (WHPA 3). According to Section 4.9.5.5 of the Plan an enhanced level of sewage treatment is not required within a WHPA3 for small-scale residential development. As a result, we have no further concerns.

The matters under Section 10.1.3 were also considered, including b) "that all lots can be adequately serviced with...sewage disposal..." and i) "that natural resources such as....mineral aggregates would not be affected adversely".

LOCAL ZONING BY-LAW: The subject lands are zoned EXI zone (Extractive Zone). The proposed residential lot will require a zone amendment.

ADDITIONAL INFORMATION:

There are two licenced and zoned aggregate operations in the immediate area: Nigro Pit (to the west and southeast), Cox Construction Pit (to the north and northwest) and Mast-Snyder Pit (to the northeast).

Nigro Pit (west of Sideroad 12) - Lands subject to the application

While MNR advises that extraction is nearing completion, potential impacts from this operation should still be considered. Access to the pit is from Sideroad 12, to the south of the proposed lot. The dwelling on the adjacent parcel (east) was one of the noise receptors included in the Noise Study submitted in support of the planning and licensing applications. A new dwelling on the proposed lot would be closer to the existing pit and as a result, it is unclear whether the existing noise control measures (berms, etc.) would keep the noise impact for the new dwelling within acceptable MOE limits.

Cox Construction Pit

The Cox Pit is a long-term extractive use which was expanded in the spring. Primary access to the pit is from Laird Road, however, the berms along Forestell Road are interrupted by what appears to be a service entrance at the dividing line between Lots 12 and 13. Similar to the Nigro Pit, it is unclear whether the existing noise control measures (berms, etc.) would keep the maximum noise impact for the new dwelling within acceptable MOE limits.

Mast-Snyder Pit

A licence was issued this spring for the Mast-Snyder pit and extraction will be a long-term use on this property. Primary access to the pit will be from Downey Road. Noise impacts are to be mitigated in compliance with the MOE limits and the existing dwelling on the retained lands was one of the residences evaluated in the Noise Assessment for the gravel pit. The existing dwelling is closer to the pit than the new lot, which would be over 300 m from the pit.

SITE VISIT INFORMATION: The subject property was visited and photographed on January 23, 2013. Notice Cards were **not** posted and the survey sketch appears to meet the application requirements.

PLAN REVIEW REPORT: County of Wellington Planning & Land Division Committee **Deborah Turchet, Secretary-Treasurer**

DATE: January 2nd, 2013 GRCA FILE: Wellington/Puslinch/2012/Sev/

RE: Application for Consent B130/12 Part Lots 11 and 12, Concession 4, Township of Puslinch St. Mary's Cement Inc. (Canada)

GRCA COMMENT: *

The Grand River Conservation Authority (GRCA) has no objection to the proposed severance to create a new 0.77 hectare lot for rural residential use.

BACKGROUND:

1. Resource Issues:

No features of interest were identified on the subject lands.

2. Legislative/Policy Requirements and Implications:

None.

3. Additional Information/Suggestions provided in an advisory capacity:

We wish to acknowledge receipt of the applicant's cheque in the amount of \$380.00 for the review of this application.

Yours truly,

Fred Natolochny, MCIP, RPP Supervisor of Resource Planning Grand River Conservation Authority

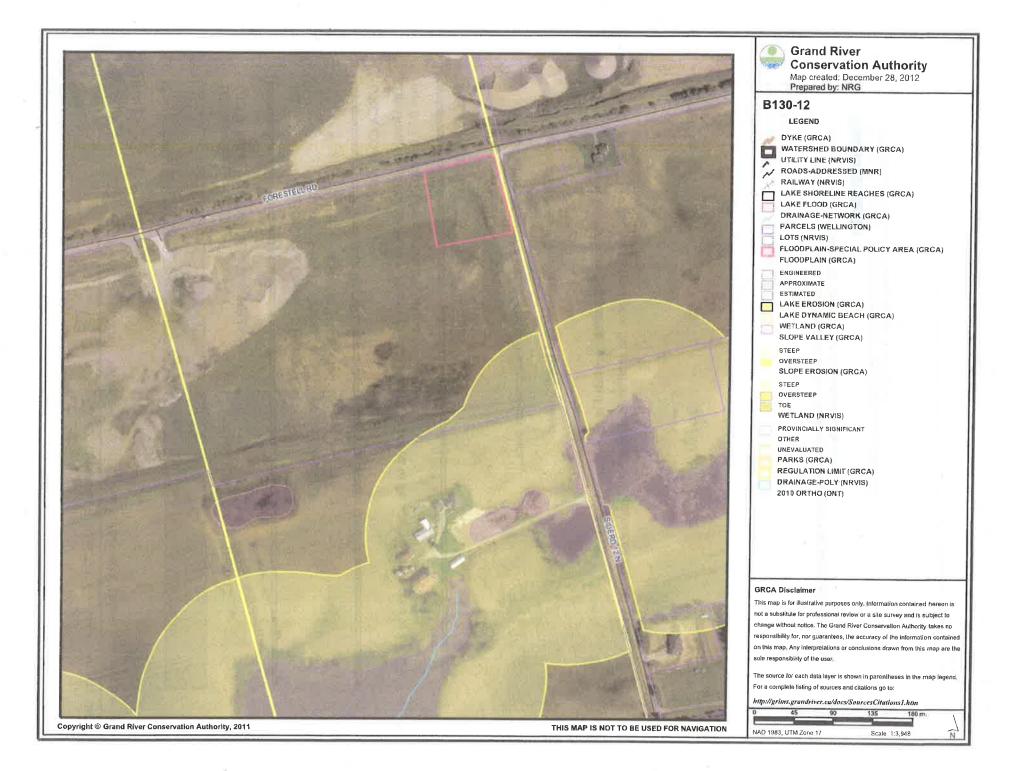

FN/ng

cc.

These comments are respectfully submitted to the Committee and reflect the resource concerns within the scope and mandate of the Grand River Conservation Authority.

Kelly and Karen, please find attached information about surrendering the license at the Nigro pit. We would like to move forward with severance application B130/12 that was put on hold (deferred) at the request of the Township. Now that the license is surrendered, can the Township Planning Committee review this application to confirm that their concerns have been addressed.

Thanks,

Jeff Buisman, B.Sc., B.E.S., OLS, OLIP Ontario Land Surveyor

From: "Richardson, Seana (MNRF)" Date: October 31, 2017 at 7:06:16 AM EDT To: Subject: Surrender of Licence 20749

Hi Regan,

See attached surrender letter and notice of inspection for our site visit on Friday. I will be sending copies via mail to the municipalities, but I recommend if you have a contact you send them the digital copy of the letter. Please forward site photos as vegetation continues to grow.

Thank you,

Seana

SUBJECT: Surrender of Licence under the Aggregate Resources Act St. Marys Cement Inc. (Canada)- Licence #20749 Part Lots 11-12, Concession 4 Township of Puslinch, County of Wellington

Dear Mr. Cox;

Further to your letter of October 17, 2017 in which you request that Licence #20749 be surrendered, please be advised that this Ministry completed an inspection of your pit property on October 27, 2017 and determined that the site has been rehabilitated as per the site plan and to the satisfaction of this Ministry.

In addition, the Ontario Aggregate Resources Corporation has advised this Ministry that all outstanding fees and reporting for Licence #20749 have been received. As a result, Licence #20749 is now surrendered and you are no longer under any obligations outlined under the Aggregate Resources Act.

Should you require any further information regarding this matter, please contact the undersigned at this office.

Yours truly,

Seana Richardson Aggregate Technical Specialist MNRF Guelph District P: 519-826-4927
