Sent via e-mail

April 9, 2014

Donna Tremblay
Deputy Clerk
Township of Puslinch
7404 Wellington Rd.
34, R.R.3
Guelph, ON N1H 6H9

Dear Ms. Tremblay:

Thank you for your letter of April 7. I am pleased to confirm the following information:

1. The recipient of the funds will be Hill and Knowlton Strategies Canada who will be engaged by the stakeholder coalition to provide organizational and communications support for a period of approximately 2-3 months. The contract with Hill and Knowlton Strategies Canada will be held by Maple Leaf Foods on behalf of the coalition. Any surplus funds will be returned to the coalition members.

2. The confirmed financial contributors to the coalition (as of April 8) are as attached.

3. Further financial contributions are possible as we continue to grow the coalition and extend our efforts.

.../2

Maple Leaf Foods Inc. 6985 Financial Drive, Mississauga, ON, Canada M5N 0A1 tel. 905.285.5743 fax. 905.285.6000

On behalf of the coalition, and the wider business community, we sincerely appreciate the support of Puslinch Township for this important transportation infrastructure project.

Sincerely,

Rory McAlpine
Senior Vice President, Government and Industry Relations
Maple Leaf Foods

Rose Caterini
City Clerk
City Hall
71 Main St. W., 1st Floor
Hamilton, ON L8P 4Y5

Dear Ms. Caterini:

Re: Hamilton's Support for the Morriston By-Pass

On behalf of Maple Leaf Foods we would like to request the support of Hamilton Council for the construction of the "Morriston By-Pass" on Highway 6 between Hamilton and Guelph. A diagram of the route proposed by the Ministry of Transportation of Ontario is attached.

Several businesses, chambers of commerce (including the Hamilton Chamber of Commerce) and local governments are joining Maple Leaf Foods in an effort to accelerate budget consideration of this vital infrastructure project by the Ontario and federal governments. In the case of Maple Leaf Foods, with the completion later this year of our Hamilton meat manufacturing facility, we will be directing many additional trucks north on Highway 6 to our Eastern Canadian distribution centre in Aberfoyle, Puslinch Township. Like other businesses and area residents, we are concerned that the traffic bottleneck at Morriston is both unsafe and costly to the regional economy.

It would be greatly appreciated if Hamilton could join other coalition members by making a contribution of $4,000 towards the advocacy campaign. Regular reporting on the campaign and management of the funds will be provided.

passionate people;
passionate about food

Maple Leaf Foods Inc. 6985 Financial Drive, Mississauga, ON, Canada M5N 0A1 tel. 905.285.5743 fax. 905.285.6000

We believe that with the availability of infrastructure programs recently announced by the provincial and federal governments, it is time to demonstrate strong support for the Morriston By-Pass. We would welcome the participation of the City of Hamilton in these efforts.

Yours sincerely,

Rory McAlpine
Vice President, Government and Industry Relations
Maple Leaf Foods

Dear Mr. McAlpine:

Re: Hamilton's Support for the Morriston By-Pass

At its meeting of February 26, 2014 City Council considered your correspondence dated February 18, 2014 regarding the above matter.

Please be advised that Council has received this correspondence and referred it to the Acting General Manager of Planning and Economic Development for consideration of funding.

Yours truly,

Mary Gallagher

Council Agenda	✓
File	

Dear Minister:

I am writing in support of the County of Wellington's request to extend the Community Safety Zone on Highway 6 in Morriston in Puslinch Township.

The County of Wellington and the Township of Puslinch believe that extending the southern limit of Community Safety Zone further south by approximately 230m from its current location would strengthen the effectiveness of the Community Safety Zone and provide increased safety for resident and pedestrians.

Having been privileged to represent the Township of Puslinch for many years, going back to 1990, I am very familiar with this area. I believe that the Community Safety Zone has been a positive development. The requested extension would only be beneficial to the community. As such, this proposal has my unqualified support.

The County of Wellington and the Township of Puslinch have shown great leadership in working to improve safety on Highway 6 through Morriston.

I have worked alongside the County and the Township for years to improve safety and to advocate for the needed bypass around Morriston. In fact, on February 19, 2013, the very first day that the House resumed its current sitting after the prorogation, I tabled a resolution in the Ontario Legislature. If you look at the Order Paper, you'll see that it is the very first Private Members' Notices of Motion listed.

...2

TED ARNOTT, MPP • WELLINGTON - HALTON HILLS
Room 420 • Queen's Park • Toronto • Ontario M7A 1A8 • Tel. (416) 325-3880 • Fax (416) 325-6649
E-mail: ted.arnott@pc.ola.org • Website: www.tedarnottmpp.com

The resolution reads:

That, in the opinion of this House, the Minister of Transportation should prioritize the Highway 6 Morriston Bypass project by placing it on the Southern Highways Program, the Ministry's five-year investment plan in highway construction for Southern Ontario; and in the short term, support immediate measures to calm highway traffic though Morriston in the Township of Puslinch.

We intend to continue to advocate for the Morriston bypass but realize that it won't be built this year. In the meantime, extending the Community Safety Zone would be a positive interim development.

Thank you for your consideration of this matter.

Sincerely,

Ted Arnott, MPP
Wellington-Halton Hills

Ontario Chamber of Commerce

OCC ENCOURAGES BILLY BISHOP EXPANSION

The Ontario Chamber of Commerce (OCC) encourages the City of Toronto to permit jet-powered aircraft operations at Billy Bishop Toronto City Airport (BBTCA).

By increasing access to new markets, the operation of quiet jets will help Ontario emerge stronger in the global economy.

In 2012, the OCC developed *Emerging Stronger: A Transformative Agenda for Ontario*, which sets out an agenda to transform the province's economy. As we move forward, it is important to champion businesses and opportunities that will have a significant positive impact on our province's economy. The proposal to expand service at BBTCA is one such opportunity.

Mobility, connectedness, and relationship-building are crucial if we are to realize our vision for a successful Ontario. Improved air infrastructure is vital to facilitate the movement of ideas and labour and to connect entrepreneurs with opportunities.

Allowing jets to operate from Billy Bishop is important for the following reasons:

LABOUR CONNECTIVITY AND MOBILITY

Ontario's economy is in transition. Many areas of traditional economic strength are struggling. New sectors, such as financial and business services, are increasingly important. With an airport only steps away from downtown, passengers save two hours or more on a round trip flight. Shorter, cheaper, and more frequent travel all contribute to increased mobility and a lower cost of doing business.

Allowing quiet jets to fly from this airport will enable deeper economic links and facilitate business linkages between Toronto's business core and other global city regions, such as Los Angeles, San Francisco, Vancouver, and Calgary.

ECONOMIC IMPACT

Mobility, connectedness, and relationship-building are crucial if we are to realize our vision for a successful Ontario. Improved air infrastructure is vital to facilitate the movement of ideas and labour and to connect entrepreneurs with opportunities.

Since 2006, over nine million passengers have traveled from the island airport. Commercial airline operations out of BBTCA have played a key role in increasing accessibility and fostering these relationships.

LEVERAGING THE POTENTIAL OF ONTARIO'S NORTH

The return of commercial airlines to BBTCA has facilitated the integration of the Northern Ontario economy into the global marketplace. The frequency of flights to Northern Ontario destinations has increased, and fares have declined significantly. For example, since the introduction of Porter flights, fares to Sault Ste. Marie and Timmins have decreased 60 percent and 66 percent, respectively.

Opportunities for continued natural resource development in the North, including the Ring of Fire, suggest that the potential of this region in the coming years will be significant.

The ability to fly quiet jets out of BBTCA will further facilitate an integrated Ontario economy and allow the province to fully capitalize on opportunities in the North. As a global mining finance centre, Toronto has much to gain from a prosperous and accessible Northern Ontario.

AN EXTRAORDINARY FUTURE

Since the return of commercial airline operations, BBTCA has been an integral part of the broader provincial economy. It has facilitated the movement of labour and ideas, relationship building, and the growth of each of its destinations in the province. Expanded service at BBTCA will create a better economic climate in Ontario.

The timely approval of this request by Toronto city council, with appropriate conditions and protections for all parties, is in everyone's interest.

FCC SUPPORTS RESOLUTION CALLING FOR HIGHWAY #6 BYPASS AROUND MORRISTON

The Board of Directors of the Flamborough Chamber of Commerce (FCC) has endorsed a resolution prepared by the Guelph Chamber of Commerce (also endorsed by the Hamilton and Centre Wellington Chambers of Commerce) calling on the province to move forward with the construction of a Highway #6 by-pass around Morriston. The resolution will be debated at the Annual General Meeting (AGM) of the Ontario Chamber of Commerce (OCC) when it meets in Sault Ste. Marie next month.

ISSUE

The draft Transportation Development Strategy for the Greater Toronto Area (GTA) West Corridor will not provide sufficient infrastructure for the long term to support economic growth in the north-south corridor west of the GTHA) Greater Toronto-Hamilton Area .

BACKGROUND

Extending Highway 6 South from Guelph to south of Morriston would reduce costs relating commuting time and freight shipment delays, as well as providing opportunity to retain and grow manufacturing and food processing businesses in Waterloo, Welling-ton, and Hamilton.

COMMUTER TRAVEL TIME

• Estimated annual value of commuter travel time saved during peak periods with the proposed bypass applied to 2011 traffic is $13.1 million.

• Estimated value of future commuter time savings with proposed bypass is $23.4 (2021) and $31.3 (2031) million respectively.

COMMERCIAL TRAVEL TIME

• Based on 2009 MTO estimates of commercial vehicle traffic volumes and our analysis of travel time differences with the proposed bypass, we estimate a realized cost savings of $2.2 million annually (2011 figure).

• Survey results suggest that more consistent travel times with a proposed bypass are important for business supply chain demands.

ACCIDENT REDUCTION

• Based on a model introduced by the Ontario Road Safety Annual Report (ORSAR, 2004), a reduction in accidents associated with the introduction of the bypass is estimated to reduce costs by $762,300 dollars (based on 2009 accident rates) annually.

ECONOMIC IMPACTS

• Analysis of Statistics Canada, Trucking Commodity Origin Destination data for the region influenced by the corridor illustrates that the corridor is a key link in our trade with the USA.

• Over the past 20 years, the loss of economic opportunities, challenges in retaining labour, and reductions in productivity are difficult to quantify without a more sophisticated and significant analysis effort, but there is no doubt that these are significant factors in assessing the proposed bypass project economic impacts.

• The overall assessment would see the highest economic benefits of the proposed bypass for travel time, reduced local bottlenecks, and improved labour market access.

Subject: FW: Funding Opportunity - Accident on Highway 6

Ms. Ann Baldwin
Regional Director, Southwest Region
Ministry of Transportation

Dear Ms. Baldwin:

Attached is a letter that I've received from Mary Hasan, the Director of Finance/Treasurer of the Township of Puslinch. Her letter indicates that the Township is faced with a $21,500 bill for temporary and permanent repairs to local roads, due to the closure of Highway 6 on March 21 and the resulting detours on local roads.

I want to do whatever I can to help. I am writing to inquire whether or not the Ministry of Transportation would consider reimbursing the Township for any or all of these costs. Is there any program administered by the Ministry of Transportation or any other Provincial ministry which could assist the Township of Puslinch in this regard? If there isn't a program to cover these kinds of situations, there should be.

This accident on Highway 6 took place south of Morriston, however, I must take this opportunity to again make reference to the need for the Highway 6 Morriston bypass. For years now, I have called on the Minister of Transportation to place the Highway 6 Morriston bypass project on to the Ministry's Southern Highways Program, the Ministry's five-year investment plan in highway construction for Southern Ontario. My Private Member's Resolution is the very first one on the Legislature's Order Paper. The Council and staff of the Township of Puslinch built a strong case and have worked very hard to encourage the Minister to make this project a priority as well.

Please respond directly to the Township of Puslinch, and send a copy of your reply to my Queen's Park office.

Thank you very much.

Sincerely,

Ted Arnott, MPP

Attention: Ted Arnott, MPP
Office of Ted Arnott, MPP
Wellington-Halton Hills Provincial Riding Office
181 St. Andrew St. East, 2nd Floor
Fergus, Ontario N1M 1P9

Dear Ted Arnott,
Re: Funding opportunity as a result of the accident on Highway 6

We offer the following additional information regarding the vehicle accident on Highway 6 at MacPherson Lane. This accident occurred on Friday March 21, 2014 at approximately 5:30 pm.

Highway 6 was closed to all North and Southbound traffic at Meddaugh Road. There was not an official detour route put in place for traffic on Highway 6. Traffic was permitted to travel on any roadways in the area to avoid the closure. Victoria Road South between Flamborough/Puslinch Townline and Leslie Road was severely damaged due to increased traffic including large transport trucks. The damage consists of the asphalt top coat and gravel base layer.

Township staff completed temporary repairs to ensure safety for vehicle traffic. The temporary repair costs include:

- Staff labour - $419
- Equipment - $480
- Material costs - $1,561

The permanent repair includes an area of approximately 1200 m^2. The repair consists of the removal of the asphalt and gravel base with new asphalt and gravel. The permanent repairs will amount to approximately $19,040.

The total costs for both temporary and permanent repairs amount to approximately $21,500.

If you have any questions regarding the above, please contact, Mary Hasan, Director of Finance/Treasurer mhasan@puslinch.ca (519) 763-1226 ext. 222 or Don Creed, Director of Public Works and Parks, dcreed@puslinch.ca (519) 763-1470.

Yours truly,

Mary Hasan
Director of Finance/Treasurer

Friday April 25, 2014

Dear Puslinch Township Council

I am writing on behalf of the Puslinch Optimist Club Santa Claus Parade committee.

Each year the Optimist Club sponsors a community parade, which is held on the 4th Sunday in November. Our parade will be held on Sunday November 23, 2014.

The club requires the use of the Arena Pad from 11.00 am until 5.00 pm.

The club prepares hot chocolate and hot dogs on the stove in the kitchen of the Community Centre from 11.00 am until 2.00 pm. The snacks are transported to the arena pad for distribution following the parade, for a time of fellowship so the children can visit with Santa.

I am requesting that the usual fee for the use of these facilities be waived again this year to allow the Optimists to deliver another quality community event.

Thank you.

Sincerely

Sally Whittle

Fergie Jenkins Baseball Proposal

To: Joony Babu and The Township of Puslinch

On behalf of Mr. Fergie Jenkins, I would like to introduce myself. My name is Kirk McNabb and I am from Guelph. I am presently a coach for a team in the Fergie Jenkins Showcase League here in southern Ontario. Mr. Jenkins has leant his name to our Wood Bat league whose primary goal is to develop aspiring baseball players in order to get to the collegiate or pro level. We are in our 3rd year and I am reaching out to The Township of Puslinch to inquire about the possibility of a potential partnership between Fergie Jenkins Baseball and yourselves.

Who is Fergie Jenkins?

As you may or may not be aware, Fergie Jenkins is the only Canadian in the National Baseball Hall of Fame, inducted wearing the Chicago Cubs uniform . He was invested into the Order of Canada in 2007 and was honored with his image onto a Canadian Stamp in 2011. I am telling you this because I would like to create a legacy for Mr. Jenkins in Canada through Fergie Jenkins Baseball.

Why am I reaching out to The Township of Puslinch?

Simply put, your location within southern Ontario and the 401 is perfect for my vision of what I am trying to do for Mr. Jenkins and anyone involved with Fergie Jenkins Baseball which would include The Township of Puslinch if you end up being interested in partnering with us.

What is our vision?

1. **To build a Fergie Jenkins Baseball facility consisting of two full size diamonds and two youth size diamonds to play on and an indoor field house to be used for training year round. As part of the field house we would like to include meeting rooms, video room and a Hall of Fame room for players, parents, and guests to be able to see the history of Fergie Jenkins' playing career.**
2. **Develop amateur players through proper instruction and game situations on a year round basis in order to reach the Pro or Collegiate level.**
3. **Host National tournaments, Canadian University Championships and High School Championships.**
4. **The Fieldhouse could also be used for local township people to use during the day time for recreational activity.**
5. **We could look at the possibility of upgrading your present baseball fields in the area as well.**
6. **It could be used for developing both Baseball and Fastball players.**

What would be expected of The Township of Puslinch?

1. **Land to build such a complex.**
2. **If I knew that the land would be available then I would go out and fundraise for the fieldhouse and fields or field upgrades.**
3. **We would obviously have to figure out the working structure of this complex between The Township and Fergie Jenkins Baseball.**

Hello Ms. Babu,

It was a pleasure talking with you yesterday. I am attaching a copy of a Proposal for you to review.

I thank you for your time and consideration in regards to this proposal. I am available to discuss this in more detail at anytime.

Thanks on behalf of Mr. Fergie Jenkins,

Kirk McNabb

Re: Monthly Monitoring Report
Mill Creek Pit, License #5738
Township of Puslinch, Wellington County

Please find enclosed the required monitoring data for the month of February 2014. As indicated, there were no exceedences to report in this month. Please note that due to prolonged below average temperatures in February, many of the monitoring wells were frozen.

If you have any questions, please do not hesitate to call.

Sincerely,

Ron Van Ooteghem
Site Manager

Dear Mr. Van Ooteghem,

Re: ***Monthly Monitoring programs for Mill Creek Pit, Licence #5738***
E13 – University of Guelph/Dufferin Licence: #5738

The Township's Hydrogeologist, Stan Denhoed has completed a review of the monthly monitoring report in respect of Mill Creek Pit, Licence #5738 for the month of February 2014.

It is recommended that in the future where missed readings occur due to frozen conditions that the Exceedance Column of the Report should be left blank or rather than stating that there was NO exceedance an alternative designation such as a dash mark or "NM" not measured be stated.

If you have any concerns please contact the undersigned.

Yours Sincerely,

Karen Landry

RE: Permission to Conduct Fireworks Activity at the Puslinch Community Centre

To Whom It May Concern;

I am writing this letter to request for permission & a permit to conduct a recreational fireworks display at the Puslinch Community Center on Saturday, May 24, 2014. The purpose of the display is for the enjoyment of family and friends during my wedding celebration that day.

The intended area where the fireworks would be set up and lit would be the baseball diamond located adjacent to the Community Centre. Please see attached satellite view of the property. The approximate time of the display would be carried out between 9:45pm – 10:15pm.

I will provide a Liability Insurance in a minimum amount of no less than five million dollars ($5,000,000.00) for the term of the permit with an endorsement that notes in writing will be given to the Township by the insurance underwriter and naming the Township as an additional insured.

I will take all necessary steps & precautions to ensure the safety of the spectators and persons performing the display by consulting with the Fire Department and their safety policies.

Thank you for your time & consideration regarding this matter. If you require further information please contact me through my phone number given below.

Sincerely,

John Paul Manlapas
43 Ryde Road
Guelph, ON

Subject: FW: short-term rental

On Wed, Apr 30, 2014 at 6:23 PM, Bill Foote [redacted] wrote:
Dear Members of Council: Please find below a copy of the letter that I have, this day, sent to Mr. R. Kelly concerning the ongoing issue of short-term rental of residential property around Puslinch Lake. I will trust that a timely response will be forthcoming.
With thanks,
William Foote ([redacted] Clergy Lane)

Dear Mr. Kelly:

I am the owner of the property at [redacted] Clergy Lane on Puslinch Lake.

On May 28, 2013 I sent a complaint, in writing, to the Township, signed by myself and several other property owners on Clergy Lane, regarding the disturbing use of 18 Clergy Lane for short-term rental - including weekends, overnight parties and even wedding receptions. The use of this property for short-term rental is no secret, as the owners advertise on the internet.
My only response from the Township thus far has been a note of acknowledgement from Jasmine Branton, sent six months ago, who seems to want to treat this as little more than a noise complaint.

On November 15, 2013 I sent a further communication - this time including the members of council - clarifying the nature of our concern as one of property rights and by-law enforcement and attaching the original complaint. I asked to have our situation included in the ongoing discussions about short-term rentals around Puslinch Lake.
I regret to say that I have received no further communication from the Township, or from any member of council, in reply to our very real concern.
We are citizens and tax payers and deserve the courtesy of a response to our legitimate concerns.

Specifically, I know that Beverly Nykamp has similar concerns and has filed a complaint about a situation on the other side of the lake. I respectfully submit that the issues surrounding 18 Clergy Lane are akin to her complaint, which is that these residential properties are being used as if they were motels - but without license, noise constraint, proper parking or adequate sanitation. Therefore, please add our voice and complaint, as both residents and as taxpayers, to hers.

Mr. Kelly, the situation is, and continues to be, wholly unacceptable. The expectation of privacy and of some measure of peace and quiet is not unreasonable in a residential area. However, the use of such properties for short-term rental, by tenants who have no interest in the neighborhood or in the rights of those living next door, directly impacts the quality of life for property owners and their families in the vicinity.
We are now facing another season of short-term rentals - and of the parties, loud music, vulgar language and large crowds that so frequently go with them - and still have had no response from the Township as to what action may be taken to address the situation - or when such possible action may take effect.

Before seeking other legal recourse, I would be grateful to have a timely response to my concern.
Thank you.
(I am attaching a copy of the original complaint for your reference)

Sincerely,
William Foote
