Councillor: Wayne Stokley

RECEIVED
JUL 14 2015
Township of Puslinch

We have lived on Townline north for thirty seven years. My husband and I have witnessed the growth of the community, including the subdivisions on the west side and north west including Black Bridge Road's subdivisions.

The volume of traffic during peak hours is 400 vehicles per hour. Charles has actually counted the vehicles. The speed in which traffic flows by our home is well in excess of the posted 60 kilometers per hour.

I personally had my vehicle hit from behind and totaled as I was attempting to turn into my own driveway. This happened on November 23, 2014. Our neighbour two door south of us had a vehicle hit and totalled in February 2015. It was nothing short of a miracle that there was no serious injuries or fatalities.

Signage indicating, hidden driveways, and a reduced speed would be welcomed. We also believe that calming bumps strategically placed along this stretch of road, Reg. Rd. 34 to Roszell Rd., would be beneficial and perhaps save a life.

Thank you.
