

Web Narrative – Township of Puslinch Recreation and Parks Master Plan

Recreation and parks contribute many benefits to residents and enhance the overall quality of life in the Township of Puslinch. A strategy is needed to guide the development of recreation and parks facilities and programs over the next ten years to ensure that the highest priority needs are being met.

Listening to your opinions is very important to us. The feedback collected from residents, community organizations, facility users, and other partners forms a strong basis for collectively planning our future. You are invited to help us create a vision and strategy to ensure that we continue to meet your needs over the years to come.

If you have an opportunity, please consider participating in one or more of the following ways:

- A **Community Launch Event** will be held on **October __, 2014 at the _____ from _____** to help us to identify, discuss, and prioritize recreation and park needs in Puslinch **[RSVP required?]**.
- Complete a **Web Survey** by visiting <http://www.surveymonkey.com/s/PUSLINCH> to provide your input on local recreation and park needs and preferences.
- A **Stakeholder Survey** will be distributed to representatives of local organizations to identify current and future needs in Puslinch.
- Visit our information booth at the **Aberfoyle Fall Fair** and the **Farmers' Market** (September 20, 2014).
- A **Public Meeting** will be held later in the process to present and receive feedback on the draft Master Plan.
