REPORT HER-2021-002

TO: Heritage Committee

FROM: Hillary Miller, Legislative Assistant

MEETING DATE: Monday April 12, 2021

SUBJECT: Heritage Register – Progress Update

RECOMMENDATIONS

**That Staff Report HER-2021-002 regarding the Heritage Register Progress Update be received;
and**

**That the Heritage Committee endorse the Owner Consultation Notice attached as Schedule A;
and**

That Staff proceed with owner consultation and public engagement as outlined in this report.

Purpose

The purpose of this report is to provide the Heritage Committee with an update regarding the progress of the Heritage Register.

Background

Staff brought forward a report to Council on March 24, 2021 detailing the Heritage Register initiative. The report provided background information on the work previously completed by the Heritage Committee, including a list of proposed properties that merit 'listed status'. The report also outlined time frames for owner consultation and public engagement.

Council passed the following Resolution with respect to the staff report:

Resolution No. 2021-078: Moved by Councillor Sepulis and
Seconded by Councillor Bailey

That Report ADM-2021-016 regarding the Proposed Puslinch Heritage Registry be received; and

That staff, together with the Heritage Committee, be directed to initiate consultation with the property owners as identified in Schedule B “Listed Properties”; and

That staff report back to Council after the completion of the public consultation for endorsement and approval of the Puslinch Heritage Registry.

CARRIED

Staff recommend that the Owner Consultation Template attached as Schedule A be used to notify the property owners that merit ‘listed status’. The full list is attached to this report as Schedule B. Owner consultation is scheduled to take place directly following the Committee meeting pending endorsement from the Committee and will last approximately 30 days. If any corrections to the list are required, staff would request this take place as soon as possible.

Staff will compile the feedback from the owner consultation and work with the Heritage Sub-Committee to address concerns and answer questions that arise.

The public engagement will be primarily through the Bang the Table platform. This will include a ‘Questions’ tool that will allow the public to pose a question and staff will be able to respond accordingly. In the event that staff require assistance from the Heritage Sub-Committee in providing a response, staff will contact the Sub-Committee. Ideally, responses should be provided within two business days.

In addition to the ‘Questions’ tool, staff propose that a FAQ page be developed with questions relating to the Heritage Act and applicable Legislation.

It will take approximately one week to complete the owner consultation notices (approximately 120 notices) and mail to the property owners. During this time, staff will also generate a list of FAQs to circulate to the Sub-Committee for approval. The FAQs page could potentially remain on the website and the ‘Questions’ page should be removed once the 30 day public engagement is completed.

Bang the Table also has a mapping tool that can be utilized as a virtual ‘walking tour’ to enhance awareness and shine a light on Puslinch Heritage. This can also remain on the website after the public engagement period has ended.

Financial Implications

None

Attachments

Schedule A – Owner Consultation Notice Template

Schedule B – Full list of proposed 'Listed Properties' for the Heritage Register

Schedule C – Council Report ADM-2021-016 Heritage Register Report

Date

Name

Mailing Address

1. A description of the property that is sufficient to readily ascertain the property. (Civic Address, Roll Number, Legal Description including LOT and CON information)
2. A statement explaining why the council of the municipality believes the property to be of cultural heritage value or interest.

Explanatory Note:

If a property that has not been designated under this Part has been included in the register under subsection (3), the owner of the property shall not demolish or remove a building or structure on the property or permit the demolition or removal of the building or structure unless the owner gives the council of the municipality at least 60 days notice in writing of the owner's intention to demolish or remove the building or structure or to permit the demolition or removal of the building or structure. 2019, c. 9, Sched. 11, s. 6.

If the owner of a property who objects to a property being included in the register under subsection (3) shall serve on the clerk of the municipality a notice of objection setting out the reasons for the objection and all relevant facts. 2019, c. 9, Sched. 11, s. 6.

If a notice of objection has been served under subsection (7), the council of the Township shall:

- (a) consider the notice and make a decision as to whether the property should continue to be included in the register or whether it should be removed; and
- (b) provide notice of the council's decision to the owner of the property, in such form as the council considers proper, within 90 days after the decision. 2019, c. 9, Sched. 11, s. 6.

As always Township staff and Heritage Committee are available to address any questions or concerns you may have. More information can be found on the Township website at www.puslinch.ca

Alternatively, you may contact the Heritage Committee Secretary at the contact information listed below.

Sincerely,

Hillary Miller
Heritage Committee Secretary

REPORT ADM-2021-016

TO: Mayor and Members of Council

FROM: Courtenay Hoytfox, Municipal Clerk
Puslinch Heritage Committee

MEETING DATE: March 24, 2021

SUBJECT: Proposed Puslinch Heritage Registry
File: R01 HER

RECOMMENDATION

That Report ADM-2021-016 regarding the Proposed Puslinch Heritage Registry be received; and

That staff, together with the Heritage Committee, be directed to initiate consultation with the property owners as identified in Schedule B “Listed Properties”; and

That staff report back to Council after the completion of the public consultation for endorsement and approval of the Puslinch Heritage Registry.

Purpose

The purpose of this report is to present the Heritage Register initiative to Council for consideration and direction.

Background

The *Ontario Heritage Act* requires a municipality to maintain a Heritage Register, which is an official record of all *designated* and *listed* properties in the municipality. Listed properties are those that are not designated but have heritage value and require further review and analysis to determine if a heritage designation may be warranted.

The purpose of including a property on the Heritage Register as ‘listed’ is to provide interim protection from demolition to give the municipality time to assess whether to begin the designation process after a demolition application has been received.

In the year 2000, the Heritage Committee initiated the plaquing of 100 sites in the Township with historical significance; 25 additional sites were added to this inventory list since that time. This inventory can be found on the Township website and is available at the Puslinch branch of

the Wellington County Library. However, the Township does not currently maintain an official Heritage Register. In 2019, staff together with the Heritage Committee, worked with a Heritage Co-op Student in transferring the list of plaqued sites to the County GIS mapping system. The inventory list of properties has been useful in identifying and recording sites with historical significance, however the inventory holds no legal status under the *Ontario Heritage Act* and therefore properties included in the inventory are not afforded any protections under the Act.

The main focus of the Heritage Register initiative was to review the sites on the inventory list to identify which properties have heritage value and should be included on the Heritage Register with 'listed' status. Once the Heritage Register is established, the listed properties will be provided with interim protection from demolition. This means that the owner of a listed property will be required to provide the Township with 60 days written notice of intention to demolish or remove a building or structure on the property. This allows the Township an opportunity to evaluate whether the property merits designation, to work with the owner to investigate opportunities for preserving the property's heritage value, and to consult with the Heritage Committee before Council makes a decision on the proposed demolition.

The Heritage Committee has put great efforts into finalizing the list of properties in the Township that merit listed status on the Township's Heritage Register. This list of properties is attached a Schedule B for Council's consideration and endorsement.

The next phase of this initiative is consultation with the owners of the properties listed in Schedule B. Although municipalities are not required to conduct owner consultation prior to listing a property on the Heritage Register with listed status, it is considered a best practice. The Heritage Committee and staff recommend that owner consultation and notification take place prior to listing any of the properties noted in Scheduled B. This will consist of individual notices being sent to property owners, a Public Information Meeting via Zoom, and the application of Bang the Table software. Staff are working on a proposal to the Heritage Committee identifying how Bang the Table can be used to share Heritage information with the public, collect feedback, and dispel common misconceptions about what it means for a site to be listed on the Heritage Register.

Staff recommend that owner consultation be conducted over a period of approximately 30 days to commence following the next regularly scheduled Heritage Committee meeting on April 12, 2021. The Heritage Committee has assigned a sub-committee to provide expertise on the process and to review the information from the public consultation process in order to make a final recommendation to Council in a timely manner. A final staff report will be presented to Council once this phase of the initiative has been completed.

The Heritage sub-committee has prepared an Overview of the Heritage Register Properties attached to this report as Schedule A. The sub-committee has also prepared a full list of sites that merit listed status on the Township's Heritage Register for Council's consideration attached to this report as Schedule B.

Overview of the Heritage Register Properties

When the pioneers built the big fine stone houses, many of them were most exceedingly careful of the new house, so much so as to cause it to be remarked that they acted as if they expected to live forever.
John Gilchrist,

The pioneers did not live forever, but the houses and other structures they created have survived them. These buildings embody the architectural and cultural foundations of our Township. Recognizing them as cultural assets provides a framework for community identification and future planning.

The properties proposed here for the Municipal Heritage Register have been previously plaqued by the Puslinch Heritage Committee as having heritage value based on age, history and architecture. The Ontario Heritage Act applies the following criteria by which municipalities should assess the cultural heritage value of properties to be placed on a Municipal Heritage Register. The properties plaqued by the Puslinch Heritage Committee meet at least one of these values.

1. Ontario Heritage Act: Design Value Criteria:

- Rare, unique, representative or early example of a style, type, expression, material or construction method
- High degree of craftsmanship or artistic merit
- High degree of technical or scientific achievement

Overview of Properties in Puslinch Township that meet the Criteria for Design Value:

Six log cabins/houses from the 1830s, and 1840s. Rare, unique and early examples of the first residential structures built by European /British settlers. Stone, brick or frame structures replaced most log residences.

Twenty-one stone cottages from the 1840s-1860s. These properties are unique, and very early examples of second stage houses. Many are built with a high degree of craftsmanship.

Thirty-eight gothic cottages, architecturally recognized as the “Ontario House”, built from the 1860s-1880s. ‘Ontario Houses’ in Puslinch are mostly built in stone, and are recognized by architectural historians as representing a **signature** architecture form in Puslinch Township due to their number and high degree of craftsmanship.

Eleven Georgian/Neoclassic two storey stone houses dating 1850s-1860s that often exhibit a significant degree of craftsmanship. These properties are comparatively rare in Ontario, and are located primarily in the northern part of the Township, in contrast with the ubiquitous ‘Ontario House’ type.

One Italianate stone manor, and one brick Italianate commercial block, 1860.

Seven Victorian Villa houses in stone, c. 1870s-1880s. These are ‘Ontario House’ style forms elaborated into larger residences with addition of bay/ and or ocular windows, and oriented with the main entrance on the ell. Some exhibit a high degree of craftsmanship.

Three Queen Anne and seven Edwardian properties 1890-1920, built of stone, concrete and local brick representing a shift at the end of the 19th century into more modern architectural forms.

Industrial (blacksmith shops, wagon-shops), commercial (stores, hotels and inns) and institutional properties (churches, schools, post offices) are rare, unique and early in the Township and display high craftsmanship. Their settings define the early village settlements and economies of the Township.

Agricultural buildings, such as stone barns from the mid-nineteenth century are rare and representative properties showing building craftsmanship and agricultural economy.

2. Ontario Heritage Act: Historical Value Criteria:

- Direct associations with a theme, event, belief, person, activity, organization or institution that is significant to a community
- Yields, or has the potential to yield, information that contributes to an understanding of a community or culture
- Demonstrates or reflects the work or ideas of an architect, artist, builder, designer or theorist who is significant to a community

Overview of Properties in Puslinch Township that meet the Criteria for Historical Value

The properties proposed for the Municipal Register carry direct associations with the theme and events surrounding immigration, settlement patterns and social and economic development; the historical, cultural and physical foundation of Puslinch Township.

Ethnic immigration and settlement patterns (as indicated by the property owners on the 1861 Township map) are reflected in the buildings, landscapes and communities that settlers constructed. Highland Scots (mostly Presbyterian) settled on the Gore, First, Second and Third Concessions (Crieff, Killean “The Third”) and in Aberfoyle and the eastern part of the Township (Badenoch, Corwhin); Irish immigrants (Roman Catholic) in the Brock Road and Downey Road area, English immigrants (Anglican/Methodist) settled in Farnham/Arkell, Continental German immigrants (Lutheran/German Evangelical) in Morriston and Pennsylvania German immigrants along the western edge of the Third Concession (Mennonite). Their built properties have the potential to yield information that contributes to an understanding of the cultural, social, religious and economic history and development of these communities and the Township as a whole. For example, surviving churches reflect these distinctions; German masonry can be distinguished from the majority of Scottish-mason built structures, while Stonehaven in Arkell is a hallmark of English masonry. Stone threshing barns and outbuildings of Scots immigrants are rare and found in the northeastern area of the Township and differ greatly from the wood banked barns of the Pennsylvania Germans who introduced this style into southwestern Puslinch.

Certain properties demonstrate the work of a property owner/builder who is significant to the community such as Stonehaven built by Farnham/Arkell community founder Thomas Arkell.

3. Ontario Heritage Act: Contextual Value:

- A landmark
- Important in defining, maintaining or supporting the character of an area
- Physically, functionally, visually or historically linked to its surroundings

Overview of Properties in Puslinch Township that meet the Criteria for Contextual Value

Some properties fulfill the criteria as landmarks and define or maintain the character of an area, such as the Aberfoyle Mill, or Badenoch School. Because the agricultural landscape and village clusters in the Township still remain intact without large scale demolition or development, most of the properties proposed for the Municipal Register continue to be important in defining, maintaining or supporting the character of an area, and are physically, functionally, visually or historically linked to their surroundings.

TOWNSHIP OF
PUSLINCH
EST. 1850

The Township of Puslinch Heritage Inventory

Address of Site	Cultural Heritage Value or Description of Heritage Attributes
6633 Roszell RD, Puslinch ON	Samuel Pannabecker House, c. 1870. Stone 'Ontario House'. Historically and contextually associated with Penn-German Mennonite settlement and community in Puslinch, blacksmithing and carriage building and Puslinch Mennonite/United Brethren Church.
4661 Sideroad 10 North	William Thompson House, 1875. Stone 'Ontario House'. Historically and contextually associated with 1830s English immigration to Puslinch, John Howitt and Downey School, S.S.#3.
4855 Pioneer TR Puslinch	James Anderson House, c. 1862. Significant, early and rare stone Neoclassic two storey residence, Italianate influence. Known as "Springfield Farm." High degree of craftsmanship. Historically and contextually associated with James Anderson "Laird of Puslinch," livestock breeding in Puslinch, and organization of Puslinch Farmers Club.
4856 Sideroad 10 N Puslinch	Thomas Saunders House/Vimy Ridge, 1846. Very significant, early, and rare three storey stone Georgian stucco over limestone residence with brick stables and unique barn. High degree of craftsmanship. Known as "Woodlands". Historically and contextually associated with stock-breeding in Puslinch, W.W.1 veteran rehabilitation, and orphan retreat. Painted by William Henry Edward Napier, 1855.
6527 Ellis RD Puslinch	John Barrett House, c. 1865. Stone 'Ontario House'. Historically and contextually associated with Irish Catholic immigration to Puslinch and the settlement of the Puslinch Lake Community.
6705 Ellis RD Puslinch	Ellis Chapel and cemetery, 1861. Significant stone Gothic church, Methodist, interior intact. Historically and contextually associated with Edward and Thomas Ellis and Peter Lamont, carpenters, the Puslinch Lake community and religion in Puslinch. Restored in 1962. Only site in Puslinch plaqued by the Archaeological and Historical Sites Board in 1963.
4422 Wellington RD 32 Puslinch	Charles Barrett House, c.1875. Stucco covered stone 'Ontario House'. Historically and contextually associated with Irish Catholic immigration to Puslinch and the settlement of the Puslinch Lake Community.
6927 Wellington RD 34 Puslinch	Hector McCaig House, 1875. Stone Victorian Villa. Fine craftsmanship. Historically and contextually associated with Highland Highland Scots immigration from Argyllshire and the community of "The Third" in Puslinch.
4453 Sideroad 20 N Puslinch	Angus McPherson House, 1903. Rare, stone Edwardian two storey residence. Historically and contextually associated with Clan McPherson immigration from Inverness Shire Scotland to "The Third" in Puslinch. Otto Rappolt mason.
4495 Sideroad 20 N Puslinch	Donald Cameron House, c. 1862. Early stone 'Ontario House'. High degree of craftsmanship, possibly Angus McDonald mason. Similar in construction to John McCormick property on Lot 15, Front Concession 3. Historically and contextually associated with Scottish masonry in Puslinch, Highland Scots immigration from Cromartyshire and the community of "The Third" in Puslinch.
6690 Wellington RD 34	School House, 1868 S.S.#5. Stone one-room schoolhouse, known as "The Third." Historically and contextually associated with education in Puslinch, and the farming community known as "The Third." Built on land donated by Alexander McKay.
6958 Wellington RD 34, Puslinch	Alexander McKay House, c.1860. Early stone 'Ontario House'. High degree of craftsmanship, possibly Angus McDonald mason. Similar in construction to Peter Stewart House on Rear Lot 19, Con.3. and John McCormick property on Lot 15, Front Concession 3. Historically and contextually associated with Scottish masonry in Puslinch, Highland Scots immigration from Ross Shire and the community of "The Third", and S.S.#5.
6926 Wellington RD 34 Puslinch	Alexander McCaig House, 1844. Early, rare log house with later additions and covered with siding. Historically and contextually associated with Highland Scots immigration from Argyllshire to Puslinch and the community of "The Third".
6872 Wellington RD 34 Puslinch	John McCormick House, c. 1862. Early stone 'Ontario House'. High degree of craftsmanship. Possibly Angus McDonald mason. Similar in construction to Peter Stewart House on Lot 19, Rear Con.3. and Alexander McKay property on Lot 15, Front Concession 3. Historically and contextually associated with Scottish masonry in Puslinch, Highland Scots immigration from Argyllshire and the settlement of Puslinch in "The Third".
6530 Wellington RD 34 Puslinch	Nicholas P. Cober House, c. 1900. Yellow brick Queen Anne architecture. Historically and contextually associated with Pennsylvania German Mennonite settlement in west Puslinch, and Puslinch Union Church.

4614 Wellington RD 32 Puslinch	Puslinch Mennonite/United Brethren Church, and cemetery, 1874. Red brick front-gabled schoolhouse-style architecture. Historically and contextually associated with Mennonite settlement and religious practice in Puslinch and with Penn-German dialect.
6707 Concession 4 Puslinch	Robert Little House, c.1862. Early stone cottage. Historically and contextually associated with Northern Irish immigration to Puslinch, cheese-making industry and donation of property to County by Little descendents for reforestation.
6981 Concession 4 Puslinch	Peter Stewart House, c.1865. Early stone 'Ontario House'. High degree of craftsmanship. Mason possibly Angus McDonald. Similar in construction to Alexander McKay House on Lot 19, Front Con.3. and John McCormick property on Lot 15, Front Concession 3. Historically and contextually associated with Scottish masonry in Puslinch, Scots immigration from Perthshire and the settlement of Puslinch in "The Third".
4556 Sideroad 20 N Puslinch	Margaret McLennan House, c. 1845. Early, rare log house. Historically and contextually associated with Scots immigration from Uist to Puslinch.
6526 Gore RD Puslinch	Duncan McKellar House, 1850s. Rare, early stone cottage. Historically and contextually associated with Scots immigration from Argyleshire and the settlement of Killean.
6529 Concession 1 Puslinch	David Milroy House, c.1890. A representative late Victorian two storey stone residence. Architecturally, historically and contextually associated with the McQuillan family of stone masons, early Irish settlers to Puslinch who constructed it, and to the Milroy family, Lowland Scots who settled the property.
6714 Concession 1 Puslinch	Donald Ferguson House, Store and Post Office, c1869. Two storey stone house, front gabled built with store and post office. Historically and contextually associated with Highland Scots immigration from Inverness Shire and settlement of Killean, and commerce and postal service in Killean and Puslinch. Called in its time, the "Scotch House".
6684 Concession 1 Puslinch	John McMaster House, 1871. Early stone Victorian villa. Historically and contextually associated with Highland Scots immigration from the Isle of Arran and the settlement of Killean.
6652 Concession 1 Puslinch	Archie McKellar House, c.1880. Dichromatic brick 'Ontario House'. Historically and contextually associated with Highland Scots immigration from Argylshire and settlement in Killean and the Morrison brick works.
6592 Concession 1 Puslinch	Fred/August Begerow House, c. 1860s. Distinctive German vernacular architecture in stone. Begerow was an innkeeper; the property is historically and contextually associated with Begerow 1860s 'Highland Chief Inn' on this same property at Puslinch Lake, Puslinch Lake community and early hostelry and entertainment in Puslinch.
Barber's Beach Hotel	Puslinch Lake Hotel, 1880. Frame two story, hipped roof 19thc.resort architecture. Historically and contextually associated with Puslinch Lake hostelry and recreation, George Sleeman and John Davidson. Only surviving of many 19thc. hotels on Puslinch Lake.
7112 Gore RD Puslinch	Angus McPherson House, 1859. Rare, early stone cottage. Historically and contextually associated with Clan McPherson immigration from Inverness Shire Scotland and the settlement of Crieff.
6954 Gore RD Puslinch	Malcolm McCormick House, c. 1880. Stone 'Ontario House' historically and contextually associated with Scots immigration from Killean, Argyleshire and the settlement of Killean, Puslinch Township.
6830 Gore RD Puslinch	John Scott House, 1900. Stone two storey Edwardian house, architecturally rare since Edwardian properties were usually brick.
6639 Concession 1 Puslinch	Killean Teacherage. 1874 stucco over wood frame 'Ontario House', historically and contextually associated with the history of education in Puslinch Township, the Killean community and S.S. 7.
6815 Concession 1 Puslinch	Laughlin McMillan House, c. 1870. Stone 'Ontario House', historically and contextually associated with Highland Scots immigration from Argylshire and the settlement of Killean.
6835 Concession 1 Puslinch	Scott House, c.1877 Stone Victorian villa. Historically and contextually associated with Highland Scots immigration from Perthshire and the settlement of Killean.
4048 Sideroad 20 S Puslinch	Donald Stewart House, 1874. Stone 'Ontario House' with original trelliage. Historically and contextually associated with Highland Scots immigration from Perthshire to Killean, and Scottish stonemasonry in Puslinch.
7087 Concession 1 Puslinch	James McPherson house, 1877. Stone "Ontario House". Historically and contextually associated with Scottish Clan McPherson immigration from Inverness Shire and the settlement of Crieff.
7111 Concession 1 Puslinch	Duncan McDonald House, 1863. Early stone "Ontario House", excellent craftsmanship, McDonald was a Scottish stone mason (Clachair). Historically and contextually associated with Highland Scottish settlement in Crieff and Scottish stone architecture in Puslinch Township.

4071 Sideroad 25 S Puslinch	Murdoch/Kenneth Munro House, c.1860. Early stone cottage altered recently to 'Ontario House' form. Historically and contextually associated with Scots immigration from Ross-shire, the settlement of Crieff and blacksmithing in Puslinch Township.
7201 Concession 1 Puslinch	Duncan McPherson House, c.1880 Stone Victorian Villa. Historically and contextually associated with Clan McPherson immigration from Inverness Shire Scotland and the settlement of Crieff.
7243 Concession 1 Puslinch	Walter Cowan House, c. 1865. 'Ontario House', fine craftsmanship built by Scottish stonemason John Kennedy. Historically and contextually associated with Scottish immigration, settlement of Crieff and Scottish and stone architecture in Puslinch Township.
7160 Concession 1 Puslinch	Henry Becker Store and House, c. 1874. Unique stone 'Ontario House' architecture with commercial façade, slightly altered during 20th century renovations. Historically and contextually associated with commerce in Crieff and Puslinch, and Prussian immigration to Puslinch Township. Constructed by Angus McPherson.
7156 Concession 1 Puslinch	Knox Presbyterian Church and cemetery, 1882. Yellow brick single storey, front gable, school house-style architecture. Historically and contextually associated with Highland Scots immigration to Killlean and Crieff, Presbyterianism in Puslinch, Gaelic language services, contractor Duncan McPherson and mason William McDonald and Col. J.B. McLean. Cemetery attached.
4095 Sideroad 25 S Puslinch	William McDonald House, also known as "Gartland House", c. 1880. Unusual stone one and one-half storey, constructed as residence, shoemaker's shop and roadhouse. Large entrance and windows for commercial purposes. Historically and contextually associated with commerce and industry in Crieff, Puslinch and with Col. J.B. McLean.
7094 Concession 1 Puslinch	John Thompson House, 1845. Rare 1.5 storey log house, with original stone fireplace. Historically and contextually associated with the Scots immigration from Argyleshire and the settlement of Killlean.
7030 Concession 1 Puslinch	Archibald Thomson House, 1853. Rare, early stone two storey Georgian/Neoclassic manor. High degree of craftsmanship. Historically and contextually associated with Angus McDonald, stonemason, and Peter Lamont, carpenter, notable Puslinch craftsmen, and with Highland Scots immigration from Argylshire to Killlean.
6920 Concession 1 Puslinch	Richard Bond House, 1850s. Rare, early stone cottage, high degree of craftsmanship. Historically and contextually associated with English immigration and settlement in Crieff.
4253 Sideroad 10 S Puslinch	Malcolm Gilchrist Sr. House, c.1862. Rare, early stone cottage. Historically and contextually associated with Highland Scots immigration from Argyll shire and settlement of Killlean.
4227 Wellington RD 35 Puslinch	Richard Paddock House, 1882. Stone Victorian villa,. Historically and contextually associated with English immigration to 'Paddock Corners' and Puslinch stonemason Dan McQuillan.
4350 Concession 7 Puslinch	John McFarlane House, c. 1864. Early stone 'Ontario House'. Historically and contextually associated with Highland Scots immigration from Perthshire and settlement in Puslinch.
7329 Concession 1 Puslinch	Jacob Schultz House. 1882 'Ontario House'. Notable German stone masonry and ornamentation. Historically and contextually associated with German immigration to Morriston, and German stonemasonry in Puslinch.
7345 Concession 1 Puslinch	Malcolm McNaughton House. C. 1865. Stone 'Ontario House' fine craftsmanship. Historically and contextually associated with Scots immigration from Perthshire to Crieff.
4062 Highway 6 Puslinch	A. John McCallum House, c.1855. Rare, early stone cottage. Historically and contextually associated with Scots immigration and the settlement of Crieff.
28 Badenoch ST E Morriston Puslinch	Robert Galbraith House. c. 1880. Rare example of a wood frame 'Ontario House' with siding. Historically and contextually associated with the community of Morriston. Galbraith owned a profitable tailor shop and was the Chairman of the Sons of Temperance.
18 Badenoch St. E Morriston	Dr. J.H. King house and office, 1905. Rusticated concrete block two and one half storey Edwardian house. Fine craftsmanship by F. Kistenmacher and Stratton. Historically and contextually associated with medical practice in Puslinch and Morriston community.
12 Badenoch ST E Morriston Puslinch	Alexander Watson House, 1850s. Early one storey stucco over wood frame cottage. Historically and contextually associated with the community of Morriston. Watson was a plasterer.
69 Queen ST Morriston Puslinch	Duncan McEdwards Blacksmith Shop, c. 1856. Stone single storey industrial building. Historically and contextually associated with blacksmithing and industry in Puslinch and community of Morriston.
ENVERS HOLDINGS INC	R.B. Morrison commercial block, 1860. Significant, early, unique and elaborate yellow brick Italianate three story commercial block, high degree of craftsmanship by Puslinch masons Beese and son. Unusual and original ogee storefront windows. Historically and contextually associated with the community of Morriston, Morriston brickyard and commerce in Morriston and Puslinch.

46 Queen ST Morrison Puslinch	Morrison Hotel, 1860. Rare stone two storey Georgian/Neoclassic building. High degree of craftsmanship. Historically and contextually associated with the community of Morrison and hostelry in Puslinch.
56 Queen ST Morrison Puslinch	John Calfas log house, 1842. Rare, hewed log house. High degree of craftsmanship. Historically and contextually associated with German settlement of Morrison, adjacent founding Winer, Morlock families and cooperage industry in Puslinch.
47 Whitcombe WY Morrison Puslinch	John Calfas house, 1851. Stone cottage, renovated to 'Ontario House' style in 1870s. Historically and contextually significantly associated with the founding of Morrison, German settlement and culture in Morrison, and founding Winer, Morlock and Calfas families.
78 Queen Street, Morrison	John Morlock House, c.1854. Rare, early stone cottage built by William and Karl Beese. Historically and contextually associated with German immigration to, and settlement of Morrison, with Winer and Calfas families.
80 Queen Street Morrison	John Christian Morlock House, 1909. Red brick Queen Anne two and one half storey residence built for Morlock's retirement. Historically and contextually associated with Morlock immigration and settlement of Morrison. Construction by Peter Morlock.
82 Queen ST Morrison Puslinch	David Morlock House, 1910. Manse for Duff's Church 1919-2000. Yellow brick two and a half storey Edwardian residence, fine construction by Peter Morlock. Historically and contextually associated with German settlement, the founding of Morrison, and founding Winer, Morlock and Calfas families and religion in Puslinch.
5 Victoria ST Morrison Puslinch	Lorenz Schlegel house, 1853. Rare log house. Historically and contextually associated with German settlement in Morrison, and weaving industry in Puslinch.
4 Victoria ST Morrison Puslinch	Frank Kistenmacher House, 1874. Yellow brick 'Ontario House'. Historically and contextually associated with German settlement in Morrison brickyard, cabinet-making in Morrison and the undertaking industry. Original workshop and hearse drive shed on property.
6 Victoria ST Morrison Puslinch	Herbert Leitch house, c.1885. Renovated to present form by August Wurtz in 1890. Unique triple gabled stone Gothic residence. High degree of craftsmanship. Historically and contextually associated with German settlement in Puslinch and model for Puslinch Heritage Plaque design.
18 Victoria Street Morrison	John McRae house, 1857. Stone cottage. Historically and contextually associated with Calfas family and Morrison settlement.
22 Victoria ST Morrison Puslinch	German Evangelical Church, 1856. Early, unique and significant bichrome brick building with gothic windows. Historically and contextually associated with German settlement and culture in Morrison, Morrison brickyard . 1880s updating by Karl Beese mason.
84 Queen ST Puslinch	Christian Morlock House, 1882, called "Stoneleigh". Stone Victorian villa. High degree of craftsmanship, stone mason Otto Rappolt. Original ornamentation. Historically and contextually associated with Morrison founding families: Winer, Morlock and Calfas whose properties are adjacent and neighbouring Morlock residences built on the same lot.
4162 Highway 6 Puslinch	Paul Winer homestead. Early and unique log house, 1829, and yellow brick 'Ontario House', 1875. Both historically and contextually associated with founding of Morrison, German settlement in Morrison and founding Winer, Morlock and Calfas families whose properties are adjacent.
4096 Highway 6 Puslinch	John Marshall House, 1869. Stone 'Ontario House'. Historically and contextually associated with Scots immigration from Stirlingshire and settlement of Puslinch.
7618 Leslie RD W Puslinch	William Nicoll house, 1860-1880. Stone two storey Italianate house, significant, outstanding craftsmanship. Earlier log cabin housed inside. Historically and contextually associated with Puslinch political and military history; Nicoll was Reeve of Puslinch and Warden of Wellington County, and a Lt. Col. in the militia formed during the Fenian raids.
7594 Flamborough-Puslinch Townline Puslinch	Archibald Watson house, c. 1850. Very early, rare stone cottage. Historically and contextually associated with Highland Scots settlement in Badenoch area from Perthshire, and establishment of Duff's Presbyterian Church.
4085 Victoria RD S Puslinch	William Simpson House, c.1850. Early stone cottage altered into "Ontario House" form. Historically and contextually associated with Scots immigration and settlement in Badenoch area of Puslinch.
4148 Watson RD S Puslinch	Robert Clark House, c.1880. Stone 'Ontario House'. Historically and contextually associated with Highland Scots immigration from Badenoch Inverness Shire and settlement of Badenoch, Puslinch.
4073 Watson RD S Puslinch	Donald MacEdward House, 1862. Stone 'Ontario House'. Historically and contextually associated with Highland Scots immigration from Badenoch Inverness Shire and settlement of Badenoch, Puslinch.
7735 Leslie RD W Puslinch	Malcolm Kennedy House, 1883. Red brick 'Ontario House'. Historically and contextually associated with Highland Scots immigration from Badenoch Inverness Shire and settlement of Badenoch, Puslinch.

4240 Victoria RD S Puslinch	John Clark House, 1835. Significantly early and rare stone cottage with 'loyalist-style' arched doorway. Historically and contextually associated with Highland Scots immigration from Badenoch, Inverness Shire and settlement of Badenoch, Puslinch.
4304 Victoria RD S Puslinch	John McPhee House, 1905. Stone Edwardian two and a half storey residence. Historically and contextually associated with Highland Scots immigration from Uist to Badenoch, Puslinch.
4512 Victoria RD S Puslinch	Hugh Cockburn House, c.1868. Stone 'Ontario House' fine craftsmanship, known as "Green House Farm." Historically and contextually associated with Duff's Church, and stock-breeding in Puslinch.
381 Maltby RD E Puslinch	Hugh Cockburn Sr. House, c.1855. Early stone cottage. fine craftsmanship, known as "Gowan Hill Farm." Historically and contextually associated with Scots immigration and settlement in Puslinch.
77 Brock RD N Puslinch	Robert Johnston House, c. 1838. Very early stone cottage, possibly earliest stone residence extant in Puslinch. Historically and contextually associated with English immigration and settlement along Brock Road in the 1830s.
63 Brock RD N Puslinch	Richard Ellis House, c. 1862. Stone cottage, historically and contextually associated with English immigration and settlement of Brock Road community.
52 Brock Rd. S. Aberfoyle	Stone cottage, c. 1862, original owner likely Peter Mahon. Historically and contextually associated with early community of Aberfoyle, auctioneering, Clara's Tea room.
80 Brock RD S Aberfoyle Puslinch	George McLean/Aberfoyle Mill, c.1862, rebuilt 1866. Unique two and one-half storey yellow brick grist mill. Significant Puslinch Landmark. Historically and contextually associated with agriculture and industry in Puslinch, Aberfoyle Village and Highland Scots immigration.
84 Brock RD S Aberfoyle Puslinch	George McLean House, c.1857. Early wood frame cottage with siding, known as the "Miller's House" Historically and contextually associated with the Aberfoyle Mill, agriculture and commerce in Puslinch, Aberfoyle community and Highland Scots immigration.
319 Brock RD S Puslinch	Duff's Presbyterian Church/East Presbyterian Church, 1854. Early stone edifice, fine craftsmanship. Lancet windows with Norman tower. Historically and contextually associated Presbyterianism in Puslinch, Highland Scots immigration to Puslinch, Gaelic language and Scottish culture, and Crown Cemetery.
95 Brock RD S Aberfoyle Puslinch	Malcolm McBeath House, c.1870. Stone 'Ontario House', fine craftsmanship. Historically and contextually associated with Highland Scots immigration and settlement in Puslinch and the history of Aberfoyle.
8 Brock RD N Aberfoyle Puslinch	Aberfoyle Blacksmith and Wagon Shop, 1860. Significant stone two storey industrial building, probably built by John Black. Historically associated with wagon and carriage making, blacksmithing industry in Puslinch and community of Aberfoyle.
32 Brock RD N Aberfoyle Puslinch	Aberfoyle School, S.S#4, 1872. Stone schoolhouse structure, unique arched fenestration, original cupola. High degree of craftsmanship, stonemasonry by Robert Little. Historically and contextually associated with education in Puslinch, and community of Aberfoyle.
68 Brock RD N Puslinch	John Hammersley House, c. 1859 Stone 'Ontario House' fine craftsmanship. Historically and contextually associated with Puslinch municipal development and military activities.
4437 Concession 11 Puslinch	James McLaren House, c. 1865. Rare stone Neoclassic/Georgian two storey residence. High degree craftsmanship and ornamentation. Historically and contextually associated with Highland Scots immigration and settlement in Badenoch, Puslinch.
4556 Concession 11 Puslinch	Kenneth/Archibald/Catherine McKenzie House, 1879. Named (in Gaelic) "Aird an Dreaghainn." Stone Victorian Villa, fine craftsmanship by Archibald McKenzie. Historically and contextually associated with Highland Scots immigration from Ross Shire and Corwhin.
7839 Wellington RD 34 Puslinch	Duncan Campbell House, 1850s. Rare, stone two storey Georgian residence, fine craftsmanship. Historically and contextually associated with Highland Scots immigration from Perthshire to Corwhin, and history of Corwhin.
4402 Concession 11 Puslinch	Andrew McRobbie House, 1851. Early stone cottage renovated into an "Ontario House' in 1914. Historically and contextually associated with Highland Scots immigration from Perthshire to Corwhin, and history of Corwhin.
4217-4223 Watson RD S Puslinch	Badenoch School, 1889, S.S #9. Stone one-room schoolhouse, with Italianate ornamentation. High degree of craftsmanship. Historically and contextually associated with education in Puslinch and the Badenoch community.
4435 Watson RD S Puslinch	John J. McRobbie House, c. 1862 Rare stone cottage. Historically and contextually associated with Highland Scots immigration from Perthshire to Badenoch and Badenoch community.
