# EXPLANATORY NOTE

## TOWNSHIP OF PUSLINCH ZONING BY-LAW NO. 19/85

This document is the new Comprehensive Zoning By-Law which will apply to and affect all lands, buildings and structures within the Township of Puslinch. The new Comprehensive Zoning By-Law will replace the Township's existing By-Laws and will regulate the use of all lands, including residential, commercial, industrial, institutional, recreational, extractive, and agricultural and buildings and structures within the Township of Puslinch. It authorizes the uses set out in the text of the By-Law and prohibits any use of land or the construction or use of any building not specifically authorized.

\* \* \* \* \*

The following is a brief summary of the new Comprehensive Zoning By-Law.

### **SECTION 1:**

Explains the scope of the By-Law, that all uses hereafter must conform, that existing uses may continue, provides guidelines on interpretation, and outlines the function of the "Schedule" or maps as well as special unique zones.

### **SECTION 2:**

Defines a number of words and terms that are used in the By-Law. In order to fully understand the provisions of the By-Law, the definitions should be read as they may include expanded meanings.

### **SECTION 3:**

Establishes the general provisions which apply to more than one of the Zones in the Zoning By-Law. These general provisions cover such matters as accessory uses; construction uses permitted; dwelling units below grade; non-conforming lands, buildings, structures and uses; height restrictions; home occupations; landscaping; loading space regulations; lots having less area and/or frontage than required in the By-Law; parking area regulations; public uses; setbacks; sight triangles; swimming pools; yard encroachments and obstructions permitted; Natural Environment (NE) zone setbacks; and setbacks from watercourses.

## SECTIONS 4 to 20:

Set out the following specific land use zones:

A Zone	-	Agricultural Zone
HR Zone	-	Hamlet Residential Zone
RR Zone	-	Resort Residential Zone
ER1 Zone	-	Estate Residential Type 1 Zone
ER2 Zone	-	Estate Residential Type 2 Zone
RUR Zone	-	Rural Residential Zone
MR Zone	-	Mill Creek Residential Area Zone
C1 Zone	-	Hamlet Commercial Zone
C2 Zone	-	Highway Commercial Zone
C3 Zone	-	Agricultural Commercial Zone
C4 Zone	-	Resort Commercial Zone
IND Zone	-	Industrial Zone
EX1 Zone	-	Extractive Zone
DI Zone	-	Disposal Industrial Zone
I Zone	-	Institutional Zone
OS Zone	-	Open Space Zone
NE Zone	-	Natural Environment.

For each Zone, there is a list of permitted uses and a number of standards, including minimum lot size, minimum lot frontage, maximum coverage, maximum building height, minimum front yard and rear yard.

## SECTION 21:

Establishes that the By-Law is effective only upon the approval of the Ontario Municipal Board but that upon such approval, it will take effect from its date of passage.

The location of each of those Zones is shown on the Schedule "A" Zone Maps. The specific uses and regulations applicable to each Zone are found in the section of the Zoning By-Law which bears the same Zone name. Once the Zone has been identified, care should be taken to review the other provisions of the By-Law in addition to those which specifically regulate the Zone, particularly the general provisions.

All measurements in this By-Law are in metric. The abbreviation "m" stands for metres; "m<sup>2</sup>" for square metres; and "ha" for hectares. There is a conversion table at the back of the By-Law to help you convert the metric measurement to an imperial measurement.

In order to determine the provisions of this By-Law that affect your property, it is suggested that you use the following technique:

1. Locate your property on the Zoning Schedules immediately following Page 21-1.
2. Turn to the appropriate Schedule 'A' Map and identify the Zone that has been applied to your land, i.e. "A" for Agricultural Zone or "C1" for Hamlet Commercial Zone, etc.

3. Once you have identified the Zone, turn to the appropriate Zone Regulation portion of the By-Law. For example, if your lands are zoned Agricultural (A), you will turn to Page 5-1 to determine the specific Zones and Zone Provisions affecting your land.
4. It should also be noted, however, that most of the General Provisions contained under Section 3 (Pages 3-1 through to 3-25) also affect your property.

By-law  
10/05

5. **THE NATURAL ENVIRONMENT (NE) ZONE:**

Certain types of construction (due to size or building form) may be exempt from the Ontario Building Code and/or do not require a Building Permit. As such, some construction may not be considered a “structure” for the purposes of this Zoning Bylaw. Prior to any building or construction, property owners are encouraged to discuss their building plans with the Township’s Building Department to confirm the applicability of the Ontario Building Code and the provisions of this By-law. Property owners are also strongly encouraged to consult with the Conservation Authority having jurisdiction in the area in order to determine the most appropriate location for development.
