FOR IMMEDIATE RELEASE

THE TOWNSHIP OF PUSLINCH TO BENEFIT FROM HIGH-SPEED INTERNET FUNDING

The Township of Puslinch is thrilled to be included in the Province's Announcement yesterday entitled "**Ontario Bringing High-Speed Internet to more Communities.**" We would specifically like to acknowledge and express our gratitude to the Current Minister of Infrastructure Kinga Surma as well as the work Laurie Scott who advocated for rural high speed improvements in our community. We also want to thank our MPP Ted Arnott for his advocacy and support for this critical undertaking in Puslinch. Their collective input and support has been critical to this success. The announced \$616,345 will directly benefit approximately 370 homes in Puslinch with improved broadband access. We look forward to working with the successful ISP in getting this work underway and completed as soon as possible.

Mayor James Seeley

Glenn Schwendinger, CAO
