**STATEMENT OF CULTURAL HERITAGE VALUE OR INTEREST AND DESCRIPTION OF
HERITAGE ATTRIBUTES**

The property located at 319 Brock Rd S, Puslinch, holds significant cultural heritage value to the religious and cultural history of the Township, particularly within the Presbyterian denomination. This heritage value is retained in a noteworthy 1854 stone church with exceptional design value and craftsmanship. Named "Duff's Presbyterian Church" it has served as a religious and social institution for Scottish Presbyterian immigrants and families since its construction. The church is associated with several adjacent heritage properties, including Crown Cemetery, and defines the northern boundary of the Village of Morriston. The property meets the requirements for designation prescribed by the Province of Ontario under the three categories of design/physical value, historical/associative value, and contextual value. The property is listed on the Township of Puslinch Municipal Heritage Register and has received a plaque from the Township's Heritage Committee for its cultural heritage value.

Design Value:

The property includes a unique 1854 Gothic, front-gabled stone church building, with a stone vestibule and Norman tower addition dating to 1903. Key design elements include stone construction, with cut-limestone coursed ashlar and lime taped masonry on the front and side facades and sizable stone quoins on all corners. Four paired sets of lancet windows run along each of the side walls of the original structure. This design was carried on to the 1903 vestibule addition which has paired lancet windows on the side walls and above the entrance on the front facade. Single lancet windows bracket either side of the central entrance, which has a Gothic transom with the lettering "Duff's Church 1903". During the 1903 renovations, stained glass was installed in all these windows. The vestibule addition includes an embossed cornerstone "DUFF'S CHURCH ERECTED 1854 RE-ERECTED 1903". Four segmented windows sit at basement level below the lancet windows on the side facades. The tower bears Gothic arched vents on the front and side facades and is topped with a stone cornice and seven merlons. All fenestrations have stone voussoirs and sills.

Historical/Associative Value:

Initially a log Presbyterian church was located across the road on Lot 28, Front Concession 8 on land granted by the Crown in 1835 for use by local Presbyterians for religious and educational services, including a cemetery, called Crown Cemetery. In 1843, a substantial group of evangelical ministers separated from the Church of Scotland to establish what is now recognized as the Free Church of Scotland. This schism arose from a disagreement over whether the Church of Scotland or the British Government should have authority over clerical positions and associated benefits. After the "Great Disruption" in the Presbyterian Church in 1843, local Presbyterians supported the new "Free Church of Scotland" and the land on Lot 28, Front Concession 8 was eventually forfeited, although the cemetery continued to operate. Free Presbyterians built Duff's Church directly opposite on Lot 28, Rear Concession 7. Constructed in 1854, the church was named after Dr. Alexander Duff, a Scottish missionary in India, who visited Canada during the 1850s and delivered a speech at the church. By 1893, the property also accommodated a Sunday school, providing education to numerous local children. From its construction until the early 20th century church services were offered in Scottish Gaelic since many of the congregants were immigrants from the Scottish Highlands. It is the oldest and largest church building in Puslinch Township. In the mid to late 1860s, an adjoining 30 acres of land was acquired from John Haise, the owner of Lot 27, Concession 7, for the purpose of erecting a manse for the church. This manse was completed in 1868.

Contextual Value:

The property is located along Brock Road, a region recognized as one of the Township's earliest settlement areas by British and European immigrants. The church is positioned across from Crown Cemetery, land deeded to the Presbyterian church as a burying ground in 1835. The location is close to heritage properties built by the church's early congregants: Malcolm McBeath, George McLean, Peter McLaren, and several others. Owing to its vital and deep-rooted connections to multiple generations of families, the property holds a distinguished status as a community landmark, and physically stands as a marker of the northern part of the Village of Morriston.
