4120 Wellington Road 35  
Part of Lot 15, Concession 1  
PIN 71205-0020  
Township of Puslinch**

Please find enclosed an application for a Zoning By-law Amendment on the above-mentioned property. Included with this submission are copies of the Zone Change Sketch, completed application form, PIN Report and Map, the required deed and Draft Zoning By-law. Payment of the Township Application fee of \$2,577.00 will be made once the application has been deemed complete.

**Proposal:**

This Zoning By-law Amendment Application is being made to meet the requirements for Severance Application B7-24 which was approved April 2024 subject to conditions. The application severed a surplus farm dwelling from the rest of the agricultural parcel.

The following zone change request is being made to satisfy Condition 8 of the severance application:

**A) To rezone the Retained Parcel from Agricultural to a Site Specific Agricultural (A-XX) to prohibit a residential dwelling.**

There are areas of land on the Retained Parcel zoned Natural Environment and Environmental Protection Overlay; however, they will not be altered as no development is proposed and these areas will continue to be zoned as such.

The approved application severed a surplus farm dwelling from the rest of the agricultural farm parcel. The property is known as #4120 Wellington County Road 35 (PIN 71205-0020).

The Severed Parcel (#4120) has a frontage of 78±m, depth of 191±m, for an area of 1.38ha where the existing dwelling and one silo will remain. The driveshed was recently demolished, and the existing barn and attached silo are to be removed in the coming months. The silo near the rear will remain. The zoning requirements are met for the severed parcel.

The Retained Parcel is a corner lot with frontage along County Road 35 and Concession 1. The parcel has an area of approximately 47.7±ha and that will continue to be used as part of a large-scale agricultural operation. There is an existing farm equipment building that will remain on the parcel and continue to be used for equipment storage / farm purposes (no livestock). The existing field entrances located along County Road 35 and Concession 1 will allow for continued access the farm parcel.

The equipment shop has an area of 266m<sup>2</sup>, a height of 5.0m, and an interior side yard setback of 6.8m – which all meet the zoning requirements for accessory buildings on Agricultural lots greater than 4ha. Therefore, no additional zoning requests are required for the retained parcel.

In order to meet the building code requirements and to satisfy a condition of the severance, Tacoma Engineers were retained to complete the Fire Spatial Separation Calculations for the accessory buildings on the severed and retained parcel. As a result of their findings and based on the decision of the property owners, the existing barn and driveshed on the severed parcel are to be demolished. The equipment shed on the retained parcel is having one wall upgraded for fire protection in order to meet the building code and to satisfy the Township Building Department.

With the demolition of the barn/silo and driveshed on the severed parcel, the zoning requirements are met and no relief is required for the severed parcel. The removal of the barn will also satisfy Condition 6 of the approved severance which required zoning compliance to prohibit livestock in the barn.

The request to prohibit a dwelling on the Retained (farm) Parcel is a standard requirement for “surplus residence severances” as laid out in Section 10.3.4 of the Wellington County Official Plan. This is required by Condition 8 of the approved Severance Application B7-24. The remaining zoning requirements are met for the Retained Parcel.

Therefore, the zoning by-law amendment is straightforward and more administrative in nature in order to satisfy the condition of the severance, which is a requirement of this type of severance in the Official Plan.

We look forward to the review of this application and having this application scheduled at the next available Public Meeting.

Please call me if you or the Planning Staff have any questions.

Very truly yours,  
Van Harten Surveying Inc.

## THE CORPORATION OF THE TOWNSHIP OF PUSLINCH

### Purpose of By-law # 2024-xx

By-law Number 2024-xx amends the Township of Puslinch Zoning By-law #23/18 by rezoning Part of Lot 15, Concession 1, Township of Puslinch, County of Wellington from Agriculture (A) Zone to a specialized Agriculture (A-xx) Zone.

### Purpose and Effect of By-law # 2024-xx

The effect of the proposed amendment is to rezone a portion of the subject lands from Agricultural (A) Zone to Site Specific Agricultural (A-XX) Zone. This application is seeking to rezone the Retained Lands to prohibit any future residential development. This rezoning is a condition of severance application B7-24, that was granted provisional approval by the Wellington County Land Division Committee. The consent will sever 1.38 ha rural residential parcel with an existing dwelling (the existing barn and driveshed are to be removed). A 47.7 ha agricultural parcel will be retained with an existing farm equipment building.

Dear Lynne Banks,

RE: **NPG Comments**  
**4120 Wellington Road 35**  
**RE: Application for Zoning By-law Amendment**

---

NPG Planning Solutions Inc. (NPG) has been retained to provide comments regarding a zoning by-law amendment application proposing to rezone a portion of the Subject Lands from Agricultural to a Site-Specific Agricultural zone to prohibit a residential dwelling. A consent application was provisionally approved for the Subject Lands (File B7-24) on April 2024, to sever a surplus farm dwelling. This Zoning By-law Amendment application is required to fulfill conditions of approval for the consent application.

The severed parcel is approximately 1.38 hectares and has 78 metres of frontage along Wellington Road 35. "...the existing dwelling and one silo will remain. The driveshed was recently demolished, and the existing barn and attached silo are to be removed in the coming months. The silo near the rear will remain."

Regarding the retained parcel, the lands are approximately 47.7 hectares and has a frontage of 385 metres along Concession Road 1. There are four (4) entrances providing access to the retained Lands, which include one (1) field entrance from Concession 1 Road, and three (3) field entrances from Wellington County Road 35. In addition, the existing equipment shop will remain on the parcel. Surrounding uses consist of agricultural and rural residential uses.

#### Zoning By-law

The applicant is only proposing to rezone the retained parcel from Agricultural to a Site-Specific Agricultural Zone to prohibit residential uses. We have reviewed the materials submitted in support of the application and have the following comments:

- The submitted draft by-law indicates that the effect purpose and effect of the By-law is to rezone the retained parcel to prohibit any future residential development. This request

NPG Planning Solutions  
4999 Victoria Ave | Niagara Falls, ON L2E 4C9  
npgsolutions.ca

(905) 321 6743  
info@npgsolutions.ca

should be included in the text of the draft Zoning By-law Amendment.

- The Conditions of Consent indicate that “2. that the owner obtain zoning compliance for the proposed severed parcel to prohibit livestock in the barn located on the property.” As the removal of the barn is anticipated to occur in the coming months, it appears that this requirement is met. Section 4.16.2 of the Township Zoning By-law would restrict any new livestock operation unless it complies with MDS II.
- In regard to the zone sketch submitted with this application, a zoning chart should be included for both the retained and severed part demonstrating that the parcels conform to all other applicable regulations. In addition, the zone sketch should demonstrate the setbacks from all existing buildings to the lot lines. A zoomed in version of the survey sketch would assist in ensuring that such setbacks are clearly shown.

Sincerely,

---

**4120 Wellington County Road 35**  
**Township of Puslinch**

---

Thank you for circulating the above noted application and provide the following comments for the Township's consideration in deeming the application complete:

Based on the review of the information submitted, County Planning staff have no objections to the proposed Zoning By-law amendment application being deemed complete. The Township should consider possible MDS conflicts with the 'equipment shop' located on the retained lands and the severed lot; planning staff recommend a clause clarifying that no livestock be housed in existing structures on the retained lands and any new structures be required to meet MDS requirements.

It is requested that a copy of the proposed draft amending By-law be provided with the Notice of Complete Application and Public Meeting for County Planning staff's review. Detailed planning comments will be provided at that time.

We trust that these comments are of assistance.

Yours truly,

BY-LAW #2024-**

A By-law to amend By-law #23/18 as amended, being the Zoning By-law of the Township of Puslinch.

**Whereas** the Council of the Corporation of the Township of Puslinch deem it appropriate and in the public interest to amend By-law Number 023/18 pursuant to the Planning Act, R.S.O. 1990, c.P.13 as amended;

**Now Therefore** the Council of the Corporation of the Township of Puslinch enacts as follows:

1. THAT Schedule "A" of By-law #023/18 is hereby amended by rezoning Part of Lot 15, Concession 1, Township of Puslinch, County of Wellington from: **Agriculture (A) Zone** to a **Specialized Agriculture (A-xx) Zone** as shown on Schedule "A" of this By-law;
2. THAT Section 14 and Table 14.1 of By-law #023/18 are hereby amended by adding the following site-specific provisions:
  - a) Notwithstanding any other provision of By-law #023/18 to the contrary, on land zoned Agricultural (A-XX) Zone on Schedule 'A':
    - i) Residential Development be prohibited;
    - ii) Accessory building existing as of January 1, 2024 shall not be used for a livestock facility as defined by the Minimum Distance Separation (MDS) Implementation Guidelines issued by the Province, as amended; and
    - iii) Accessory building(s) constructed after January 1, 2024 shall only be permitted for use as a livestock facility provided MDSII requirements as issued and as amended by the Province, are met
3. THAT except as amended by this By-law, the land as shown on the attached Schedule 'A' shall be subject to all applicable regulations of Zoning By-law 023/18, as amended
4. That this By-law shall come into effect from the date of passing by Council and come into force in accordance with the requirements of the Planning Act, R.S.O., 1990, as amended.

## THE CORPORATION OF THE TOWNSHIP OF PUSLINCH

### Purpose of By-law # 2024-xx

By-law Number 2024-xx amends the Township of Puslinch Zoning By-law #23/18 by rezoning Part of Lot 15, Concession 1, Township of Puslinch, County of Wellington from Agriculture (A) Zone to a Specialized Agriculture (A-xx) Zone.

### Purpose and Effect of By-law # 2024-xx

The effect of the proposed amendment is to rezone a portion of the subject lands from Agricultural (A) Zone to Site Specific Agricultural (A-XX) Zone. This application is seeking to rezone the Retained Lands to prohibit any future residential development and to prohibit livestock being housed in the existing accessory building. This rezoning is a condition of severance application B7-24, that was granted provisional approval by the Wellington County Land Division Committee. The consent will sever 1.38 ha rural residential parcel with an existing dwelling (the existing barn and driveshed are to be removed). A 47.7 ha agricultural parcel will be retained with an existing farm equipment building.

Dear Lynne Banks,

RE: **NPG Comments**  
**4120 Wellington Road 35**  
**RE: Application for Zoning By-law Amendment**

---

NPG Planning Solutions Inc. (NPG) has been retained to provide comments regarding a zoning by-law amendment application proposing to rezone a portion of the Subject Lands from Agricultural to a Site-Specific Agricultural zone to prohibit a residential dwelling. A consent application was provisionally approved for the Subject Lands (File B7-24) on April 2024, to sever a surplus farm dwelling. This Zoning By-law Amendment application is required to fulfill conditions of approval for the consent application. Minor matters referred to in bullet 3 are required to be addressed prior to the Application being considered complete.

This is the second submission for this application.

Comments:

1. We understand that the Applicant is planning to remove the existing barn on the Severed Parcel. This building will need to be removed prior to clearance of Conditions of Approval of Consent Application B7-24. Otherwise, the Severed Parcel needs to be rezoned to a Site-Specific Agricultural zone to prohibit livestock use in the existing barn building, as per Condition #6 of the Conditions of Approval of Consent Application B7-24.
2. It is indicated on the Zone Change Sketch that the driveshed has been removed and the silo closest to the barn is planned to be removed. The Severed Parcel has been assessed under the Township of Puslinch Comprehensive Zoning By-Law No. 023-18 (Zoning By-law) based on the assumption that the driveshed, the barn and the silo closest to the barn will be removed.
3. With respect to the zoning charts included in the Zone Change Sketch, we require the following information to verify zoning compliance under the Zoning By-Law:

NPG Planning Solutions

- a. The height of the existing dwelling on the Severed Parcel;
- b. Remaining accessory building(s) and structure(s) on the Severed Parcel need to be reviewed against relevant regulations under Section 4.4 - Accessory uses, building and structures of the Zoning By-law; and
- c. The intended use for the remaining silo on the Severed Parcel.

Sincerely,

---

Please find enclosed the amended Zone Change Sketch dated October 29, 2024. The revisions were requested as part of the third submission comments received from NPG Planning Solutions in a letter dated October 28, 2024.

The following revisions have been made to Zone Change Sketch based on the above-mentioned correspondence:

- 1) The height of the existing dwelling is 2 storeys.
- 2) The Accessory Buildings that are to remain – Equipment Shed on Retained Parcel and the rear Silo on Severed Parcel – have been reviewed and the zone chart on the sketch has been amended to include additional zoning information.
- 3) The Silo located to the rear of the Severed Parcel is intended to stay with the dwelling. It is a small steel silo, in good condition, that the owner intends to use for storage for the dwelling – ie. lawn mower, patio furniture, tools, etc. The ground floor area is 15m<sup>2</sup> and the height is 4.6m which meets the zoning requirements.

Please call me if you or the Planning Staff have any questions.

Very truly yours,
