RECEIVED
JUL 02 2025

SECRETARY TREASURER
WELLINGTON COUNTY
LAND DIVISION COMMITTEE

Please find enclosed two applications for Lot Line Adjustment Severances on the above-mentioned properties. Included with this submission are copies of the Severance Sketch, completed application forms, required deeds, PIN report and map, Power of Attorney document, Sourcewater Protection Form, a cheque to the GRCA for \$465.00, and a cheque to the County of Wellington for \$10,740.00.

Proposal:

The purpose is to reconfigure three properties through two lot line adjustment applications. The parcels are outlined below:

1. The large farm property with frontage along Laird Road West and Pioneer Trail – PIN 71214-0181
2. The dwelling parcel – #6852 Laird Road West – PIN 71214-0182
3. The vacant small parcel along Laird Road West – PIN 71214-0183

The intention is to reconfigure the parcels as outlined below:

Lot Line Adjustment #1:

Sever a 2.8±ha parcel from #6852 Laird Road West (PIN 71214-0182), with the existing mink sheds, and add it to the adjacent large agricultural property (PIN 71214-0181) which has over 34.3±ha, for continued agricultural use. The old mink sheds will be removed as part of the severance.

www.vanharten.com

Lot Line Adjustment #2:

Sever a 0.7±ha vacant parcel from the side yard of #6852 Laird Road West (PIN 71214-0182) and merge it with the small (0.4±ha) vacant rural parcel to the west (PIN 71214-0183) to allow for additional space outside of the natural features to construct a dwelling. The existing 0.4±ha parcel does not have a driveway and the buildable area is behind the wetlands. The idea is to use the existing driveway to the house for access and construct a new house and septic in the building envelope shown in the rear of the parcel. This implies that the main house (#6852) on the Retained Parcel will require a new driveway and a location for a new and safe entrance is on the west side of the Retained Parcel.

Retained Parcel:

The Retained Parcel of both applications will be #6852 Laird Road West, which will have a frontage of 88±m, depth of 106±m, for an area of 1.0±ha where the exiting dwelling and shop will remain. A new entrance is proposed and has been evaluated to access the dwelling. There is a detached carport that crosses the proposed boundary and it will be removed. The existing well for the house is located on the severed parcel to the rear, closer to the milk sheds and a new well is proposed within the Retained Parcel to service the dwelling.

Planning Policies:

The subject properties are zoned Agricultural, Agricultural (A-sp1) and Natural Environment. The final parcel configurations will meet zoning in terms of lot frontage, lot area and setbacks.

The subject properties have an Official Plan designation of Prime Agricultural, Secondary Agricultural and Core Greenlands.

Lot line adjustments are permitted in both the Prime and Secondary Agricultural designations of the Official Plan as stated in Section 10.3.5 and Section 10.4.6 respectively. Both designations and sections reiterate that lot line adjustments are permitted provided there are no adverse effects on agriculture; where a more viable agricultural operation will result and where an undersized lot is made useable.

For both applications – there will be no adverse effect on agricultural. With the first application, a more viable agricultural operation will result. The 2.8±ha parcel will be vacant once the buildings are removed and this will be used as agricultural field and added to the large agricultural parcel for a combined area of over 37±ha. The second application is not removing any agricultural land, as it is vacant side yard for the existing dwelling parcel and this lot line adjustment will increase the size of the small rural residential parcel that has limited space to build a dwelling due to the natural features – so essentially making an undersized lot useable.

In summary, the proposals are logical to slightly reconfigure parcels to create a more viable agricultural operation and allow an undersized lot to be useable, all while following the zoning requirements and planning policies.

Please call me if you or the Planning Staff have any questions.

Very truly yours,
Van Harten Surveying Inc.
