
Addendum No. 1

Request for Quotation: Supply and Installation of Benches

Date Posted: August 21st, 2026

RFQ Submission Deadline: August 28, 2026 @ 2pm

Question 1:

Direction is requested regarding which products would be deemed equivalent to the Maglin 400 Series 450 Backed Bench.

Answer 1:

The Township will review submissions that meet the product specification criteria found in section 3.0. A. of the RFQ. Style direction considered acceptable may be, but is not limited to, a steel-backed bench with wood or composite slats and a frame finished in black, consistent with the Township's existing architectural character. For this RFQ, submitting separate quotes is acceptable and preferred. Proponents may submit more than one bench option for consideration.
